

# WATER WISE SEMINOLE EVENT

## Check out these tips:

- Odd addresses: water only on Wednesdays and Saturdays.
- Even addresses: water only on Thursdays and Sundays.
- Commercial folks: water only on Tuesdays and Fridays.
- Because evaporation will steal your water, don't irrigate between 10:00 a.m. and 4:00 p.m.
  - Water no more than 1/2 - 3/4 inch per application of water and not more than 1 hour per irrigation zone.

Come celebrate Water Conservation Month by learning from local experts and getting FREE STUFF!
