DOWNTOWN SANFORD MARINA

A ST. JOHNS RIVER GEM

WELCOME AMENITIES SERVICES SLIP RESERVATION NEWS & EVENTS GALLERY CONTACT

The St. Johns River is one of the safest and easiest gateways from the Atlantic Ocean. The source of the river, or headwaters, is a large marshy area in Indian River County that flows north and turns eastward at Jacksonville to its mouth in the Atlantic. The St. Johns is Florida's longest river at 310 miles, but the stretch from Sanford to Mayport provides an enjoyable cruise.
