- LETTER OF TRANSMITTAL
- ORGANIZATION CHART
- PRINCIPAL OFFICIALS
- CERTIFICATE OF ACHIEVEMENT FOR EXCELLENCE IN FINANCIAL REPORTING

March 31, 2025

To the Honorable Mayor, City Commission
and the Citizens of the City of Sanford, Florida:

It is with great pleasure that we present the City’s Annual Comprehensive Financial Report (ACFR) for the fiscal year ended September 30, 2024. State law requires that all general-purpose local governments publish within 9 months of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed Certified Public Accountants.

The report consists of management’s representations concerning the finances of the City. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, City management has established a comprehensive internal control framework that is designed both to protect the government’s assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of our financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the City’s comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The City’s financial statements have been audited by Forvis Mazars, LLP, a firm of licensed Certified Public Accountants. The goal of the independent audit is to provide reasonable assurance that the financial statements of the City are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditors concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the City’s financial statements for the fiscal year ended September 30, 2024 are fairly presented in conformity with GAAP. The independent auditors’ report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management’s Discussion and Analysis

Art Woodruff Mayor	Sheena Britton District 1	Kerry Wiggins, Sr. District 2	Patrick Austin District 3	Patty Mahany District 4	Norton N. Bonaparte, Jr. City Manager
-----------------------	------------------------------	----------------------------------	------------------------------	----------------------------	--

(“MD&A”). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City’s MD&A can be found immediately following the report of the independent auditors.

Profile of the City

Sanford is located in Central Florida in Seminole County, one of the fastest growing counties in the nation. Nicknamed “Celery City” for its agricultural interest in the early 1900's, Sanford was incorporated in 1877 under the direction of General Henry Shelton Sanford. When Seminole County split from neighboring Orange County in 1913, the City of Sanford was named as the County Seat. Sanford is bounded in the East by Orlando-Sanford International Airport, in the North by Lake Monroe, in the West by Interstate 4, and in the South by Seminole State College and the City of Lake Mary. The Sanford Commercial District was proclaimed a historic district and placed on the National Register in 1976. The Sanford Residential Historic District, an area of approximately 76 blocks south of the commercial district, was placed on the National Register in 1989. The St. James African Methodist Episcopal Church, erected in 1913, was designated a historic landmark in May, 1990.

A charter city, the legislative branch is composed of four single-district elected Commissioners and a citywide elected Mayor. The City Commission is responsible for the establishment and adoption of policy. The execution of such policy is the responsibility of the commission-appointed City Manager. To effectively execute these policies, the City Commission has previously adopted a strategic plan, presented by the City Manager. The vision encompassed the following four major goals:

1. Unify downtown and the waterfront.
2. Promote the City’s distinct culture.
3. Update the regulatory framework.
4. Redevelop and revitalize disadvantaged communities.

Additionally, the Commission has adopted a comprehensive plan, along with land development regulations, and various master plans. The City has established departmental work plans geared toward realizing the vision set forth in the strategic plan. The City is working cooperatively with Seminole County, Seminole County School Board and other area agencies in a cooperative effort to maximize the opportunities and minimize negative impacts of regional growth.

The City provides a full range of services, including police, fire and rescue, street construction and maintenance, planning and zoning, building inspections, community and economic development, parks and recreation, cultural events, and general administrative services. In addition, water, sewer and reclaimed water services, stormwater management and solid waste collection are provided under an enterprise fund concept with user charges established by the City Commission to ensure adequate coverage of operating expenses and payments on outstanding debt. The City is also accountable for two legally separate component units: the Sanford Airport Authority and Community Redevelopment Agency, which are presented as component units of the City.

The annual budget serves as the foundation for the City’s financial planning and control. The budget is developed by the City Manager who is required by the Charter to present the proposed budget to the City Commission for review on or before July 1. The City Commission is required to hold public hearings on the proposed budget and to adopt a final budget by no later than September 30, the close of the City’s fiscal year. Interim financial reports include budget-to-actual comparisons, current to prior year comparisons, and are generally issued quarterly. Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted.

Factors Affecting Financial Condition

The information presented in the financial statements is best understood when it is considered from the perspective of the specific environment within which the City operates.

Local Economy. According to the U.S. Bureau of Labor Statistics, unemployment in Seminole County averaged 3.2% during the fiscal year ended September 30, 2024, which is an increase over the same average rate of 2.6% in the prior year.

From FY 2019 to FY 2024, the City's property values increased from \$4.67 billion to \$8.42 billion, a gain of \$3.75 billion (80%) in property values and the City's economy is improving. The City's next fiscal year budget (2025) is based on preliminary values of \$9.32 billion, which is a 10.71% increase from the fiscal year ended September 30, 2024.

Major ad valorem taxpayers in the City include Florida Power & Light Co. and the Seminole Towne Center Mall (Seminole Mall Realty Holding, LLC). The City's population is currently estimated to be 67,897, making it the largest city in Seminole County as well as the 59th largest city in the State of Florida. Population is a factor used in determining the City's distribution from the State Municipal Revenue Sharing Program.

The Sanford Waterfront/Downtown Community Redevelopment Area was created in 1995 with the purpose of using tax revenues in the downtown district to revitalize the area. Since that time considerable funds have been expended to upgrade public infrastructure, including the \$12 million for the RiverWalk, the First Street Streetscape and a number of grant programs to encourage local property owners and businesses to rehabilitate downtown buildings. The success of these ventures has been evident in the number of new businesses, especially restaurants opening in the downtown area and the rediscovery of downtown Sanford by the Central Florida public.

Long-term Financial Planning. Through the budget process, the City Commission has continued its commitment to maintaining or improving levels of service while enhancing the quality of life and promoting the health, safety, and welfare of its citizens. Several projects are anticipated, many via non-operating funding sources; additionally, several additional projects are in the planning or construction phase:

- Groveview playground
- Redevelopment of Downtown
- New Fire Station
- Pump Branch Drainage
- City-wide water meter replacements
- Seawall replacement Mellonville to East End
- Continued improvements to parks, roads, sidewalks and drainage
- Main Water Treatment Plant Improvements for 1.4 Dioxane
- Design and Construction of WTP No. 3
- Mayfair Clubhouse

An analysis of future projects and services may be best obtained via review of the City's comprehensive plan, currently being updated. Upon completion, this plan will outline the goals, objectives and anticipated projects of the City and mechanisms for realization of such.

Relevant Financial Policies

The City Commission has informally established a reserve requirement for the General Fund to maintain at a minimum, unassigned fund balance equal to fourteen (14%) of the annual General Fund budget.

Awards

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its annual comprehensive financial report (ACFR) for the fiscal year ended September 30, 2023. This was the 35th consecutive year that the City has received this prestigious award. In order to be awarded a Certificate of Achievement, the City published an easily readable and efficiently organized ACFR. This report satisfied both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our ACFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgments

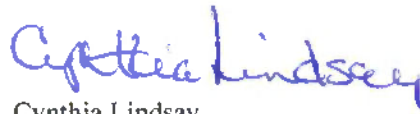

The preparation of this report would not have been possible without the efficient and dedicated services of the Financial Services Team. We would also like to express our appreciation to our auditing firm, Forvis Mazars, LLP.

Finally, we would like to acknowledge the Mayor and City Commission for their unfailing support and steadfast commitment to maintaining the financial integrity of the City. With their continued leadership, the City can look forward to a secure financial future.

Respectfully submitted,

Norton N. Bonaparte, Jr.
City Manager

Independent Auditor's Report

The Honorable Mayor and
Members of the City Commission
City of Sanford, Florida

Report on the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Sanford, Florida (the "City") as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City, as of September 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements as a whole. The combining and individual fund financial statements and schedules, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules are fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Information

Management is responsible for the other information included in the Annual Comprehensive Financial Report. The other information comprises the introductory and the statistical sections, as listed in the table of contents, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 31, 2025, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Forvis Mazars, LLP

**Orlando, Florida

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the City of Sanford (herein referred to as "City"), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended September 30, 2024. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found on pages i through v of this report.

FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of the City exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$500,754,505 (net position). Of this amount, \$152,907,592 (30.54%) represents unrestricted net position, which may be used to meet the City's ongoing obligations to citizens and creditors.
- The City's total net position increased by \$36,485,065 (or (7.86)%). The City's net position in governmental activities increased by \$5,504,480 while the net position in business-type activities increased by \$30,980,585. The governmental increase is attributable to an increase in the ad valorem tax rate while the business-type activities increase is due to contribution of capital assets, impact fees, and an accumulation of operational charges created to assist in ongoing and future capital needs.
- At the close of the current fiscal year, the City's governmental funds reported combined ending fund balances of \$117,091,788, an increase of \$3,859,910 in comparison with the prior year.
- At the end of the current fiscal year, unrestricted fund balance (the total of the committed, assigned and unassigned components of fund balance) for the General Fund was \$46,023,878, or approximately 59.52% of total general fund expenditures.
- The City's total outstanding long-term debt increased by \$872,586 during the current fiscal year. The increase is attributable to an increase in pension liabilities, and a slight increase in compensated absences and then offset by a decrease in outstanding notes, OPEB costs, claims, loans, and leases.

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial statements' focus is on both the City as a whole (government-wide) and on the major individual funds. Both perspectives (government-wide and major fund) allow the user to address relevant questions, broaden a basis for comparison (year-to-year or government-to-government) and enhance the City's accountability. This discussion and analysis is intended to serve as an introduction to the City's basic financial statements, which are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other required supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the City's assets, liabilities, and deferred inflows/outflows of resources, with the difference reported as net position. Over time, the increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The statement of activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expense are reported for

some items that will only result in cash flows in future fiscal periods (e.g. uncollected franchise fees or earned but unused paid time off, etc.).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, transportation, economic environment, and culture and recreation services. The business-type activities of the City consist of the water and sewer, solid waste, and stormwater systems as well as the City's golf course and Marina.

The government-wide financial statements include the City of Sanford (known as the primary government) but also a legally separate airport authority, for which the City is financially accountable. Financial information for the Airport Authority is reported separately from the financial information presented for the primary government itself. The Sanford Community Redevelopment Agency, although also legally separate, functions for all practical purposes as a department of the City, and therefore has been included as an integral part of the primary government.

The government-wide financial statements can be found on pages 20-21 of this report.

Fund financial statements

A fund is a grouping of related accounts that is used to maintain control over the resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the City's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains twenty-two individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General Fund, Local Option Gas Tax Fund, ARPA Fund, 2023 Construction Fund, and the Sanford Community Redevelopment Agency, which are considered to be major funds. Data from the other sixteen governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements in this report, immediately following the notes to the financial statements and required supplementary information. The basic governmental fund financial statements can be found on pages 22-27 of this report.

Proprietary funds. The City maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its water and sewer, solid waste, and stormwater systems as well as the City's golf course and the City's Marina. Internal service funds are an accounting device used to

accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its risk management activities. Because these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

The proprietary fund statements provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the water and sewer, solid waste and stormwater activities, all three of which are considered to be major funds of the City. The remaining funds, the golf course and the marina, are not considered major funds, and are combined on the basic proprietary fund financial statements. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements in this report, immediately following the notes to the financial statements and required supplementary information. The internal service fund for risk management is presented in a separate column in the proprietary fund financial statements.

The basic proprietary fund financial statements can be found on pages 29-32 of this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the City. Fiduciary funds are not reported in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages 33-34 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. They can be found on pages 38-89 of this report.

Other Information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning budgetary comparisons and the City's progress in its obligation to provide pension and other postemployment benefits to its employees. Required Supplementary Information can be found on pages 90-103 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position over time may serve as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows exceeded liabilities and deferred inflows by \$500,754,505, at the close of the most recent fiscal year.

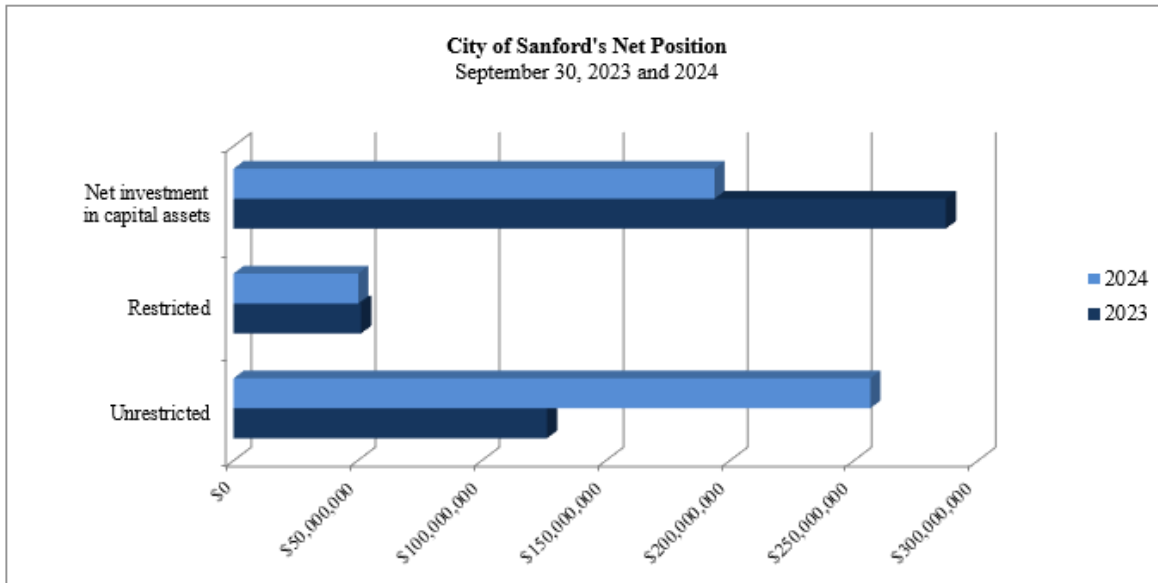

By far, the largest portion of the City's net position, \$297,581,005 (59.4%), are reflected in its investment in capital assets (e.g., land, buildings, improvements, infrastructure, vehicles, and equipment) less any outstanding related debt used to acquire those assets. The City uses these capital assets to provide services to citizens. Accordingly, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. An additional portion of the City's net position, \$50,265,908 represents resources that are subject to external restrictions on how they may be used, primarily for capital projects. The remaining balance \$152,907,592 is unrestricted and may be used to meet the City's ongoing obligations to citizens and creditors.

City of Sanford's Net Position
As of September 30, 2023 and 2024

	Governmental Activities		Business-type Activities		Total	
	2023	2024	2023	2024	2023	2024

*Balances for September 30, 2023 have not been restated for adjustments to beginning net position in the fiscal year ended September 30, 2024 due to the implementation of GASB Statement No. 101. See also note 18 to the financial statements.

At the end of the current fiscal year, the City is able to report positive balances in all three categories of net position, both for the City as a whole, as well as for its separate governmental and business-type activities. The same situation held true for the prior fiscal year.

The City's overall net position increased by \$35,809,889 from the prior fiscal year. The reasons for this overall increase are discussed in the following sections for governmental and business-type activities. The following is a summary of activities for the City during the most recent and prior fiscal year:

Governmental activities. During the current fiscal year, net position for governmental activities increased \$5,504,480 from the prior fiscal year for an ending balance of \$197,465,605. The increase is due to increased revenues offset by increased expenses if you factor in the the reduction in the revenues and expenditures related to the issue of debt in the amount of \$19,180,000 in fiscal year 2023.

Property taxes, which comprised 39.7% of the City’s governmental activity revenues, increased by \$5,082,041; this increase was primarily due to the increase in taxable value of property in the City.

Overall, the City's expenses increased this year. Total expenses were \$83,605,794, compared to \$79,371,598 the prior fiscal year; an increase of \$4,234,196 or 5.33%. Public safety expenses of \$41,105,017 comprised 49.17% of the total governmental activities expenses.

Business-type activities. Business-type activities increased the City's net position by \$30,980,585, thereby accounting for 85% of the total growth in the City's net position. This increase primarily is attributable to a planned accumulation of resources for future purchases of capital assets and debt payments related to capital assets.

Charges for services of \$50,035,344 increased over the prior-year total of \$49,049,131 by \$986,213, or approximately 2.01%. This was due to the increase in customers due to the growing housing stock and an increase in service fees charged as well as the City taking back control of the Marina.

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

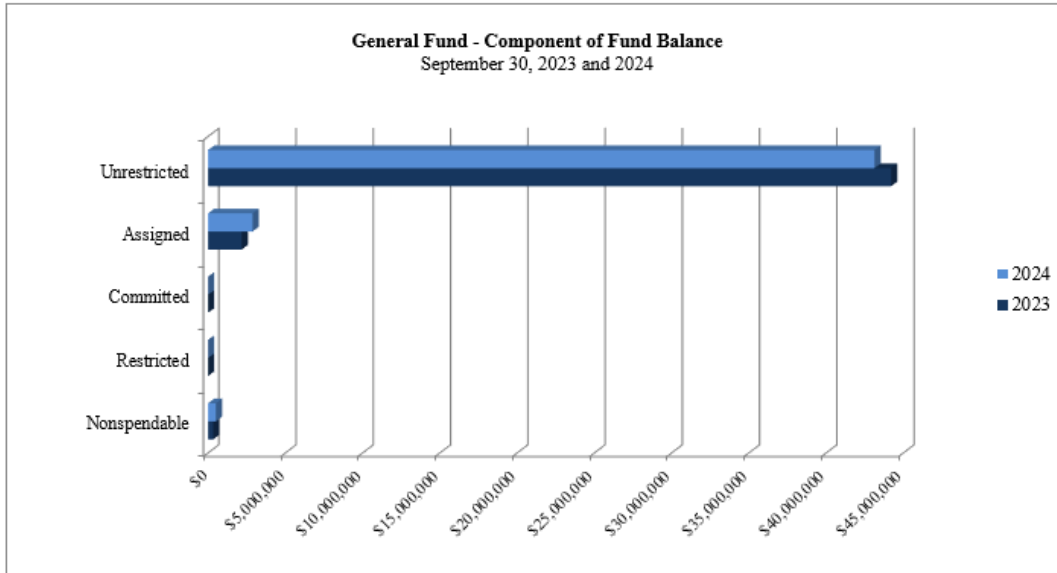

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for discretionary use as they represent the portion of fund balance which has not yet been limited to use for a particular purpose by either an external party or the City itself.

As of the fiscal year end, the City's governmental funds reported combined ending fund balances of \$117,091,788, an increase of \$3,859,910 in comparison with the prior year. Approximately 36.78% of this total amount, \$43,069,458, constitutes unassigned fund balance, which is available for spending at the City's discretion. The remainder of the fund balance is either nonspendable, restricted, committed, or assigned to indicate that it is 1) not in spendable form \$623,161, 2) restricted for particular purposes \$37,405,250, 3) committed for particular purposes \$285,998, or 4) assigned for particular purposes \$35,707,921.

The General Fund is the chief operating fund of the City. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$43,137,472, while the total fund balance was \$46,533,566. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 71.86% of total General Fund expenditures, while total fund balance represents 77.52% of that same amount.

The fund balance of the City's General Fund decreased by \$(194,318) during the current fiscal year. The decrease is primarily attributed to increased expenditures. Tax revenues for the year increased primarily due to increased property tax revenue, which grew as a result of a 13.4% increase in property values, driven by increased local real estate market values and a 2% increase in growth. However, this was offset with increased expenditures of which the main increase was for the \$3,750,000 settlement payment to buy out the developer agreement for the Catalyst Site.

The Sanford Community Redevelopment Agency (herein referred to as “Sanford CRA”), is a blended component unit that is presented as a major special revenue fund and reports the financial activities related to the redevelopment of downtown and the Lake Monroe waterfront. At the end of the current fiscal year, the Sanford CRA’s total fund balance was \$6,697,346. The fund balance of the Sanford CRA increased by \$1,384,803 during the current fiscal year. The increase is attributed to the cancellation of the the interlocal with the City for funding of the Catalyst Site project and the funds dedicated were transferred back to the CRA. The funds of the Sanford CRA are legally restricted for use in the downtown and Lake Monroe redevelopment areas.

The City of Sanford did not have any funds that classified as Major governmental funds for fiscal year 2024.

Nonmajor governmental funds consisting of Special Revenue Funds, Debt Service Funds and Capital Project Funds have a combined total fund balance of \$63,860,876 at the end of the current fiscal year. The net increase during the current year in nonmajor governmental funds was \$2,669,425 due to the issue of the 2023 Construction Fund bonds.

Proprietary funds. The City’s proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position at the end of the year was \$63,740,476 in the Water and Sewer Fund, \$26,616,174 in the Stormwater Fund, \$423,935 in the Solid Waste Fund, \$6,360,583 in the Golf Course Fund, and \$1,969,015 in the Marina Fund. The total growth of net position for the Water and Sewer Fund, the Stormwater Fund, and the Solid Waste Fund was \$21,150,871, \$3,787,043, and \$(285,251) respectively. The increase in the water and sewer fund is attributable to capital contributions and grants and an increase in rate revenues, the increase in the stormwater fund is attributable to an increase in rate revenues, and the decrease in the Solid Waste Fund was due to an increase in operational expenditures. The Golf Course Fund had an increase in net position of \$4,284,238 due to transfers from the General Fund offset by an operating loss. The Marina Fund had an decrease in net position of \$1,835,546 due to expenditures for operating expenditures exceeding operating revenues.

GENERAL FUND BUDGETARY HIGHLIGHTS

Differences between the original budget and the final amended budget \$955,543 increase in revenues and \$16,816,730 increase in appropriations and transfers out can be briefly summarized as follows:

Revenues

- \$213,594 Increase in grant revenue for COPS grant
- \$ 54,600 Increase in grant revenue for a fire training grant
- \$ 26,399 Increase in grant revenue for a cultural grant for the museum
- \$660,000 Increase for the use of tree mitigation funds
- \$ 950 Increase for the use of memorial brick funds

Transfers Out:

- \$ 80,221 Provided budget for the CDBG grant for administrative expenditures not covered by the grantor
- \$ 259,284 Provided budget for additional capital replacements
- \$8,618,990 Provided budget for expenditures expected for Catalyst Site
- \$ (41,977) Provided budget reduction for transfer to the Building Fund for operational expenditures
- \$1,114,234 Provided budget for Marina operations and capital expenditures
- \$ 15,000 Provided budget for Cemetery operations and capital expenditures
- \$ 25,000 Provided budget for Public Art Commission operations and capital expenditures
- \$4,173,655 Provided budget for Mayfair operations and capital expenditures

Expenditures:

- \$ 155,105 Increased budget for operational costs for the police department
- \$ 213,594 Increased budget for grant funds in the police department
- \$ 26,399 Increased budget for grant funds in the recreation department
- \$ 54,600 Increased budget for grant funds in the fire department
- \$ 205,029 Increased budget for operational costs for the recreation department
- \$ 956,334 Increased budget for repairs due to Hurricane IAN
- \$ 655,000 Increased budget for tree mitigation costs
- \$ 306,262 Budgeted for reappropriation of funds unused in prior fiscal year budget:
 - \$ 101,632 Increased budget for Choice Neighborhoods Grant
 - \$ 20,880 Commission funds
 - \$ 75,000 Professional service expenditures
 - \$ 100,000 Lot Clean up on rental property
 - \$ 8,750 Contractual Services

Of the increases in expenditures and transfers out, \$955,543 was offset by increased revenues. The remaining increased the use of reserves by \$15,861,187

Differences between the final amended budget and actual was a \$10,357,932 increase in revenues and \$4,991,422 decrease in expenditures can be briefly summarized as follows:

Revenues

- \$ 499,203 Increase in property tax revenue due to collecting over the 95% budgeted
- \$1,160,039 Increase in utility taxes due to increased electrical costs and growth
- \$ 467,404 Increase in franchise fees due to growth within the City
- \$ 424,117 Increase in charges for services due to \$451,267 increase in tree mitigation funds due to increased development, an increase of \$240,217 in ambulance transport fees due to

increase in service calls, an increase of \$190,085 in recreation fees due to more recreation programs and increased activity, and an \$116,342 increase in off duty detail fees due to price increases to the vendors and more vendor requests, offset by a decrease in public hearing fees from developers of \$646,621 due to less new developer requests.

- \$ 547,941 Increase in intergovernmental revenue due to a general economic growth in sales tax revenue and state revenue sharing allocated to the city from the state being higher than the state projected.
- \$2,064,520 Increase in SBITA and lease proceeds since the City does not budget for these transactions.
- \$5,194,708 Net variance in other General Fund revenues including increases for investment earning (\$4,040,392), business taxes (\$56,580), sales of assets (\$55) permits and fees (\$419,700), proceeds from fines and forfeitures (\$152,676) and miscellaneous revenues (\$525,305).

Expenditures

- \$ 327,394 Savings associated with vacant positions resulting from terminations and retirements
- \$4,840,538 Savings due to Catalyst Site project being terminated
- \$ 176,510 Offset by operational expenditures over budget

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital assets. The City’s investment in capital assets for its governmental and business-type activities as of September 30, 2024, amounted to \$370,986,726 (net of accumulated depreciation). This investment in capital assets included land, buildings, machinery and equipment, infrastructure, water and sewer system, stormwater management system, irrigation rights, and construction in progress. The total change in the City’s capital assets, net of related depreciation, for the current fiscal year was an increase of \$1,959,038 (0.015) for governmental activities and an increase of \$19,784,843 (0.09) for business-type activities.

Major capital assets events during the current fiscal year included the following:

Governmental activities:

- Acquisition of \$2,091,769 in replacement vehicles
- Acquisition of \$1,074,990 in miscellaneous equipment consisting of scba air packs, extraction tools, hvac equipment, fans, tractors, lawn mowers, art, barricades, radios, trailers, K9's, mini paver, roller, air compressor, and fuel island
- Capitalization of prior CIP projects included playground equipments, signs, road improvements, office expansions, City Hall roof replacement, training pavilion for fire, parking lot improvements, alley rehabilitation, irrigation repairs, installation of new restrooms, Dreamwold road construction, and Pinecrest Roadway resurfacing for a total of \$6,010,124.
- City hall construction of new offices, Oak Ave streetscape, Park Ave streetscape, 2nd Street streetscape, playground replacements, Mulberry Ave and William Clark, Fort Mellon park improvements, Lee P Moore park improvements, Groveview Park improvements, and various recreational facility projects added \$8,584,553 in construction in progress
- Current year depreciation less disposals on capital assets of \$11,303,740 offsets the above additions

Business-type activities:

- Acquisition of \$2,062,362 in replacement vehicles and heavy equipment
- Acquisition of land \$136,290
- Private developers contributed \$6,931,412 in water and sewer system lines
- Acquisition of pumps, generators, and small equipment totaling \$754,746
- Capitalization of prior CIP projects included vacuum pump replacements, and miscellaneous upgrades totaling \$338,532

- Pump Branch Phase I, Alternative Water Source Plant, North and South sewer plant improvements, Plant filtration system rehabilitation, Mayfair clubhouse, Marina rehabilitation, SR 46 line replacement, water meter replacements, and other miscellaneous projects increased construction in progress by \$18,355,040
- Current year depreciation less disposals on capital assets of \$8,254,366 offsets the above additions

Additional information on the City's capital assets can be found in Note 5 in the notes to the financial statements.

Long-term debt. At the fiscal year end, the City had \$19,423,814 in bonded debt outstanding, all of which is secured solely by specified revenues sources or covenants. The City had no debt outstanding backed by the full faith and credit of the City. In addition, the City had debt outstanding in the amount of \$49,224,473 in State Revolving Fund loans and \$2,059,851 in financed purchase agreements. The City also had \$71,070,471 in other long-term debt, including claims payable, accrued clean-up and long-term care costs, other postemployment benefits, pension liabilities, and compensated absences.

Claims payable	3,278,045	4,141,989	-	-	3,278,045	4,141,989
Net pension liability	36,138,113	30,506,317	9,824,066	10,351,696	45,962,179	40,858,013
Other postemployment benefits*	11,029,160	14,308,353	3,566,125	4,518,566	14,595,285	18,826,919
Compensated absences	3,584,107	4,099,582	514,205	811,400	4,098,312	4,910,982
Total other long-term debt	<u>54,029,425</u>	<u>53,056,241</u>	<u>13,904,396</u>	<u>15,681,662</u>	<u>67,933,821</u>	<u>68,737,903</u>
Total long-term debt	<u>\$ 76,632,737</u>	<u>\$ 76,798,579</u>	<u>\$ 64,273,286</u>	<u>\$ 64,980,030</u>	<u>\$ 140,906,023</u>	<u>\$ 141,778,609</u>

Total structured payment debt outstanding increased by \$68,504 due to principal retirements in the current period \$(6,205,418) partially offset by proceeds received from new state revolving fund loans \$3,100,417, issuance of new lease debt \$1,108,985, and issuance of SBITAs and leases \$2,064,520.

Under Florida statutes, no debt limit margin is placed on municipalities. Additional information on the City's long-term liabilities can be found in Notes 6, 7 and 9 in the notes to the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The City's elected and appointed officials considered many factors when adopting the fiscal year 2025 budget. The following economic factors currently affect the City and were considered:

- The average unemployment rate for Seminole County during the past fiscal year was 3.2%, which is an increase from the same figure of 2.6% a year ago. The rate is less than the State's average unemployment rate during the same time period of 3.3%.
- The City's taxable value of commercial and residential real property for the next fiscal year, 2025, is estimated to increase by 10.71% (of which new growth represents .02% and existing property values increased 10.69%) compared to a 14.39% increase experienced in the latest complete fiscal year, 2024. The City maintained the same property tax rate from fiscal year 2024 of 7.325%.
- The City implemented an increase in water and wastewater rates for the next fiscal year to adjust for changes in the consumer price index capped at 4% and an increase in disposal fees.

During the current fiscal year, fund balance in the General Fund decreased by \$(194,318) to a total fund balance of \$46,533,566.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the City's finances for all of those with an interest in the City's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Office of the Director of Finance, City of Sanford, P.O. Box 1788, Sanford, Florida 32772-1788.

CITY OF SANFORD, FLORIDA
Reconciliation of the Balance Sheet to
the Statement of Net Position
September 30, 2024

Fund Balances - Total Governmental Funds (page 23)		\$ 117,091,788
Amounts reported for governmental activities in the Statement of Net Position are different because:		
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds.		
Nondepreciable capital assets	\$ 11,868,460	
Depreciable capital assets	288,255,018	
Less: Accumulated depreciation	(172,899,827)	
Right-to-use assets	3,419,479	
Less: Accumulated amortization	<u>(1,187,470)</u>	129,455,660
Other long-term assets are not available to pay for current period expenditures and, therefore, are reported as unavailable revenue in the funds.		
		59,239
Equity interest in joint venture is not a financial resource and therefore not reported in the funds.		
		45,996
Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds.		
Governmental note payable	(19,423,814)	
Financed purchase agreements	(2,059,851)	
Leases	(487,254)	
SBITAs	(1,771,419)	
Accrued interest payable	(3,949)	
Compensated absences	<u>(4,099,582)</u>	(27,845,869)
On the government fund statements, a net pension liability/asset is not recorded until an amount is due and payable and the pension plan's fiduciary net position is not sufficient for payment of those benefits (no such liability exists at the end of the current fiscal year). On the Statement of Net Position, the City's proportionate share of the net pension liability/asset of the cost-sharing defined benefit pension plans in which the City participates is reported as a noncurrent liability/asset. Additionally deferred outflows and deferred inflows related to pensions are also reported in accordance with GASB Statement No. 68.		
Net pension asset	375,329	
Net pension liability	(30,506,317)	
Deferred outflows related to pensions	12,602,568	
Deferred inflows related to pensions	<u>(6,364,926)</u>	(23,893,346)
The net other post employment benefits obligation is not recorded as a liability in the governmental funds balance sheet.		
OPEB liability	(14,308,353)	
Deferred outflows related to OPEB	4,801,589	
Deferred inflows related to OPEB	<u>(1,741,664)</u>	(11,248,428)
Internal service funds are used by management to account for the cost of health insurance, long-term disability, and life insurance. The assets and liabilities of the internal service funds are included in governmental activities in the Statement of Net Position.		
		13,800,565
Net Position of Governmental Activities (page 21)		<u>\$ 197,465,605</u>

The notes to the financial statements are an integral part of this statement.

The notes to the financial statements are an integral part of this statement.

CITY OF SANFORD, FLORIDA
Reconciliation to the Statement of Revenues, Expenditures, and Changes in
Fund Balances of Governmental Funds to the Statement of Activities
For the Year Ended September 30, 2024

Net Change in Fund Balances - Total Governmental Funds (page 27)		\$ 3,859,910
Amounts reported for governmental activities in the Statement of Activities are different because:		
Governmental funds report capital outlays and leased assets as expenditures. However, in the Statement of Activities, the cost of these assets is depreciated over their estimated useful lives and reported as depreciation expense.		
Expenditures for capital assets	\$ 11,751,310	
Less: Current year depreciation	(10,800,814)	
Expenditures for SBITA right-to-use	2,064,521	
Less: Current year amortization	<u>(779,454)</u>	2,235,563
In the Statement of Activities, only the loss on the sale/disposal of the capital assets is reported, whereas in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net assets differs from the change in fund balance by the cost of the capital assets sold.		
		(276,528)
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the governmental funds.		
		(200,617)
Debt proceeds are reported as a source of financing in the governmental funds. Debt proceeds are not reported as revenues in the Statement of Activities, but rather are reported as liabilities in the Statement of Net Position.		
Financed purchase agreements	(1,108,985)	
Leases	(566,158)	
SBITAs	<u>(1,498,362)</u>	(3,173,505)
Repayment of bond principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position.		
		1,863,525
Some expenses in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.		
Bond premium amortization	170,954	
Change in long-term compensated absences	(515,475)	
Change in accrued interest payable	(805)	
Change in equity in joint venture	(16,709)	
Change in post employment benefits obligation	<u>907,419</u>	545,384
Government funds report contributions to defined benefit pension plans as expenditures. However, in the Statement of Activities, the amount contributed to defined pension plans reduces future net pension liability and is reported as part of deferred outflows of resources.		
		5,031,359
In the Statement of Activities, pension expense is recorded for the City's proportionate share of collective pension expense of the cost-sharing defined benefit plans and all of the pension expense of single employer defined pension plans in which the City participates. Also included in pension expense are amounts required to be amortized in accordance with GASB Statement No. 68.		
		(6,136,046)
Internal service funds are used by management to account for the cost of health insurance, long-term disability, and life insurance. The net revenue of certain activities of internal service funds is reported with governmental activities.		
		1,755,435
Change in Net Position of Governmental Activities (page 19)		<u>\$ 5,504,480</u>

**NOTES TO THE
FINANCIAL STATEMENTS**

CITY OF SANFORD, FLORIDA
Notes to Financial Statements, Year Ended September 30, 2024

Note 1 - Summary of Significant Accounting Policies

The City of Sanford, Florida (the “City”), is a political subdivision located in Seminole County of the State of Florida, established pursuant to Article VIII, section 2(a) of the Constitution of the State of Florida. The legislative branch of the City is composed of a five-member elected Commission, including a City-wide elected Mayor. The City Commission is governed by the City Charter and by state and local laws and regulations. The City Commission is responsible for the establishment and adoption of policy. The execution of such policy is the responsibility of the Commission-appointed City Manager. The accounting policies of the City conform to accounting principles generally accepted in the United States of America, as applicable to governments, as established by the Governmental Accounting Standards Board. The following is a summary of the more significant policies.

A. Reporting Entity

The concept underlying the definition of the reporting entity is that elected officials are accountable to their constituents for their actions. The accompanying financial statements present the City and its component units, entities for which the City is considered to be financially accountable. Blended component units are, in substance, part of the primary government’s operations, even though they are legally separate entities. Thus, blended component units are appropriately presented as funds of the primary government. Each discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate from the City.

Blended Component Unit

The City of Sanford Community Redevelopment Agency - The City of Sanford Community Redevelopment Agency (the “Sanford CRA”) pursuant to Section 163.356, Florida Statutes, was established by City Ordinance No. 3282 and County Ordinance No. 95-R-246. The only currently active project, the Lake Monroe Waterfront and Downtown District, was established in 1996 by an interlocal agreement with Seminole County.

The Sanford CRA is comprised of a five-member board. Three members are nominated and appointed by the City Commission, and two members are nominated by the Board of County Commissioners of Seminole County and appointed by the City Commission. The City and Seminole County provide tax increment revenue to the Sanford CRA to be used for payment of infrastructure improvement projects and debt service on loans.

Due to the appointment of the board in addition to the financial support provided by the City, management has determined the Sanford CRA meets the criteria to be included as a component unit. Financial records for the Sanford CRA are maintained by the City and City staff is responsible for the day-to-day operation of the Sanford CRA. Due to the component unit existing to exclusively benefit the primary government the CRA is considered a blended component unit. The CRA benefits the primary government by providing funds for infrastructure improvements to roadways and police patrol throughout the downtown and these are the main uses of revenues. The Sanford CRA is reported as a major special revenue fund and separate financial statements are also prepared for the CRA and are available on the City's website.

Discretely Presented Component Unit

The Sanford Airport Authority - The Sanford Airport Authority (the “Airport Authority”) was established under Florida Statutes, Chapter 71-924, and Resolution No. 1315 of the City Commission. The City Commission appoints all members of the Board of Directors of the Airport Authority and approves the Airport Authority’s annual operating budget, as well as any budget adjustments or amendments. The exclusion of the Airport Authority as a component unit is believed to be misleading and therefore management has determined the Airport Authority should be reported as a discretely presented component unit. Separate financial statements are available for the Airport Authority. These reports can be obtained by contacting the Airport Authority at 1200 Red Cleveland Boulevard, Sanford, FL 32773.

CITY OF SANFORD, FLORIDA
Notes to Financial Statements, Year Ended September 30, 2024

Note 1 - Summary of Significant Accounting Policies (continued)

A. Reporting Entity (continued)

All financial statement notes for the Airport Authority are omitted from this report since separate financial statements are available. The notes to the Airport Authority statements should be used as an integral part to interpreting the financial statements of this component unit.

Related Organizations

The City Commission is responsible for appointing a voting majority of the governing board for the Sanford Housing Authority ("Authority"), which makes the Authority a related organization. However, the Authority is not considered a component unit since it is not financially accountable to or fiscally dependent on the City.

Joint Venture

The City of Sanford participates in a joint venture known as SanGroup, LLC, formed for the purpose to acquire, hold, lease and maintain the Christian Prison Ministry (CPM) Property until completion of the remediation of contamination on the site from a gasification plant, sell or otherwise dispose of the CPM Property, unless the advisory committee otherwise determines, and to do such other things and engage in any other activities that the members determine to be necessary, convenient, or incidental to any of the foregoing purposes. The members of the joint venture are Atlanta Gas Light Company, Florida Power & Light Company, Florida Power Corporation (subsequently Duke Energy), and the City of Sanford with interests of 23.6032%, 16.3374%, 45.0482%, and 15.0112% respectively. The joint venture's advisory committee is composed of one representative from each member organization and has voting rights equal to their interests. The City of Sanford has an equity interest in equity of the joint venture. This interest has been reported using the equity method of accounting. Separate financial statements for this joint venture are available from SanGroup, LLC at 550 South Tryon Street DEC41A, Charlotte, NC 28202. At September 30, 2024, this joint venture had total assets of \$322,143 and total equity of \$322,143.

B. Basis of Presentation - Government-wide Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government and its component units. All fiduciary activities are reported only in the fund financial statements. Governmental activities, which normally are supported by taxes, intergovernmental revenues, and other non-exchange transactions, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds and internal service funds, while business-type activities incorporate data from the City's enterprise funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the City's water and sewer and stormwater functions and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or

CITY OF SANFORD, FLORIDA
Notes to Financial Statements, Year Ended September 30, 2024

Note 1 - Summary of Significant Accounting Policies (continued)

B. Basis of Presentation - Government-wide Financial Statements (continued)

segment. Amounts reported as *program revenues* include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, (2) operating grants and contributions that are restricted to meeting the operational requirements of a particular function or segment, and (3) capital grants and contributions, including special assessments, that are restricted to meeting the capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

C. Basis of Presentation – Fund Financial Statements

The fund financial statements provide information about the City’s funds, including its fiduciary funds and blended component units. Separate statements for each fund category—governmental, proprietary, and fiduciary—are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds. Major individual governmental and enterprise funds are reported as separate columns in the fund financial statements. The City adopts an annual appropriated budget for its General, Special Revenue, Debt Service, Capital Projects and Enterprise Funds, except for the State Pension Contributions Fund, NSP Grant Fund, the Golf Course Fund, and the Marina Fund. Budgetary comparison schedules have been provided for the General and Special Revenue funds to demonstrate compliance with the budget and are presented as required supplementary information.

The City reports the following major governmental funds:

The *General Fund* is the City’s primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Sanford Community Redevelopment Agency Fund* accounts for financial resources related the economic development of the Lake Monroe Waterfront and Downtown Sanford. The fund is a blended component unit of the City. The funds include tax increment revenue, which is legally restricted and expended to support the City’s redevelopment in the designated community redevelopment area. Expenditures are for capital and non-capital projects.

The City reports the following major enterprise funds:

The *Water and Sewer Fund* accounts for the activities of the City’s water plants, sewage treatment plants, water distribution system, sewage pumping stations and collection systems.

The *Stormwater Fund* accounts for the operation of the City’s stormwater management utility.

The *Solid Waste Fund* accounts for the operation of the City’s solid waste management.

The *Internal Service Fund* accounts for risk management services (including claims for workers’ compensation, general liability, and property damage) provided to departments of the City on a cost-reimbursement basis. The City has (1) internal service fund.

The *Pension Trust Funds* are used to account for assets held by the City in a trustee capacity. The City has two (2) pension trust funds: the *Police Officers’ Retirement System Fund* and the *Firefighters’ Retirement System Fund*.

CITY OF SANFORD, FLORIDA
Notes to Financial Statements, Year Ended September 30, 2024

Note 1 - Summary of Significant Accounting Policies (continued)

C. Basis of Presentation - Fund Financial Statements (continued)

During the course of operations, the City has activity between funds for various purposes. Any residual balances outstanding at year-end are reported as due from/to other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental and internal service funds) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements, these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as transfers in the business-type activities column.

D. Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 65 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Property taxes, sales taxes, franchise fees, state shared revenues, charges for services, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other eligibility requirements have been met, and the amount is received during the period or within the availability period for this revenue source (within 65 days of year-end except property taxes which is limited to 60 days). All other revenue items are considered to be measurable and available only when cash is received by the City.

The proprietary funds and pension benefit trust funds are reported using the *economic resources measurement focus* and the *accrual basis of accounting*.

CITY OF SANFORD, FLORIDA
Notes to Financial Statements, Year Ended September 30, 2024

Note 1 - Summary of Significant Accounting Policies (continued)

D. Measurement Focus and Basis of Accounting (continued)

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the water and sewer fund, stormwater fund, solid waste fund, golf course fund, and internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

E. Cash, Cash Equivalents, and Investments

Cash and cash equivalent are considered to be cash on hand, demand deposits and short-term investment with original maturities of three months or less from the date of acquisition. The City presents all investments at fair value.

F. Receivables

(1) Property Taxes Receivable - Under Florida law, the assessment of all properties and the collection of all county, municipal, and school board property taxes are consolidated in the offices of the Seminole County Property Appraiser (the "Property Appraiser") and Seminole County Tax Collector (the "Tax Collector"). The laws of the state regulating tax assessments are also designed to assure a consistent property valuation method statewide. State Statutes permit municipalities to levy property taxes at a rate up to ten (10) mills. The millage rate assessed by the City for the fiscal year ended September 30, 2024 was 7.325 mills.

All real and tangible personal property taxes are due and payable on November 1 of each year, or as soon thereafter as the assessment roll is certified by the Property Appraiser (levy date). The Tax Collector mails to each property owner on the assessment roll a notice of the taxes due. The Tax Collector also collects the taxes for the City. Taxes may be paid upon receipt of such notice from the Tax Collector, with discounts at the rate of four percent (4%) if paid in the month of November, three percent (3%) if paid in the month of December, two percent (2%) if paid in the month of January, and one percent (1%) if paid in the month of February. Taxes paid during the month of March are without discount, and all unpaid taxes on real and tangible personal property become delinquent on April 1 of the year following the year in which taxes were assessed.

Prior to May 1 of each year, immediately following the year of assessment, the Tax Collector advertises a list of delinquent personal property taxpayers. Warrants are issued directing seizure and sale of the personal property of the taxpayer if the delinquent personal property taxes are not paid. On or before June 1 (lien date) of the year following the year in which taxes were assessed, tax certificates are sold on all real estate parcels with outstanding real property taxes. These parcels are advertised once a week for four (4) weeks prior to the tax certificate sale.

City property tax revenues are recognized when levied to the extent that they result in current receivables. If material, delinquent taxes receivable that are measurable, but not available as of the end of the fiscal year, are reflected as deferred revenues. The deferred revenues are recognized as revenue in the fiscal year they become measurable and available as net current assets.

(2) Accounts Receivable – Accounts receivable for water and sewer, stormwater and solid waste services are shown net of an allowance for uncollectible accounts. Accounts receivable in excess of 180 days and 85 percent of accounts receivable in excess of 90 days comprise the allowance for uncollectible accounts. The unbilled portion of water and sewer revenues is accrued at year-end based upon a proration of the billing cycle based on read dates of meters. The unbilled portion of solid waste revenue is accrued at year-end based upon the period in which collection service is provided.

CITY OF SANFORD, FLORIDA
Notes to Financial Statements, Year Ended September 30, 2024

Note 1 - Summary of Significant Accounting Policies (continued)

F. Receivables (continued)

(3.) Leases Receivable - The City's lease receivable is measured at the present value of lease payments expected to be received during the lease term. A deferred inflow of resources is recorded for the leases.

G. Inventories and Prepaid Items

Inventories are valued at cost using the first-in/first-out (FIFO) method and consist of expendable supplies and vehicle repair parts. The cost of such inventories is recorded as expenditures/expenses when consumed rather than when purchased (consumption method).

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

H. Capital Assets

Capital assets are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Constructed or purchased assets are recorded at historical cost or estimated historical cost. Donated assets are recorded at the acquisition value on the date of donation. The threshold for capitalization of assets is \$5,000 for financial reporting purposes. Costs of maintenance and repairs that do not add to the value of assets or extend their useful lives are not capitalized.

Interest incurred during the construction phase of capital assets of enterprise funds is included as part of the capitalized value of the assets constructed. The amount of interest capitalized depends on the specific circumstances. This year, State Revolving Fund loans were drawn upon to finance water and sewer improvements. There was not any capitalized interest for this fiscal year.

All capital assets, except land and construction in progress, are depreciated using the straight-line method over the following estimated useful lives:

<u>Classification</u>	<u>Years</u>
Buildings and improvements	10 - 60
Water and Sewer System	40 - 60
Stormwater Management System	40 - 60
Equipment	3 - 20
Infrastructure	30 - 40
Irrigation rights	25

Gains or losses on disposal of capital assets are included as income in the period of disposal.

I. Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused paid time off (PTO), with the exception of police union employees who accumulate earned but unused vacation and sick pay benefits. The City records the vested portion of accumulated, unused compensated absences at year-end based on each employee's accumulated unused hours and rate of pay, including the City's share of Social Security and Medicare taxes and retirement benefits. All compensated absences are accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

CITY OF SANFORD, FLORIDA
Notes to Financial Statements, Year Ended September 30, 2024

Note 1 - Summary of Significant Accounting Policies (continued)

J. Unearned Revenues

Unearned revenues presented on governmental fund financial statements represents revenues collected (therefore available) but not applicable to the current reporting period (therefore unearned), primarily related to business tax receipts applicable to the City's next fiscal year. Unearned revenue presented on the proprietary fund financial statements represents advance collection of funds for services to be provided in future reporting periods, consisting primarily of an advance payment for an expenditure-driven intergovernmental agreement. Unearned revenues on the government-wide financial statement are the same as those reported on the governmental and proprietary statements.

K. Debt Issuance Costs and Bond Discounts

In the government-wide financial statements, and proprietary fund types in the fund financial statements, bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount and refunding gains/losses. Bond issuance costs are reported expensed during the current period.

In the fund financial statements, governmental fund types recognize premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

L. Post Employment Benefits Other than Pensions

The City pays health and life insurance premiums of retirees if they meet certain eligibility requirements. The City records the cost of this plan on a "pay-as-you-go" basis. This results in current insurance payments being recorded as expenditures or expenses in the financial statements in the period the insurance is paid. It is the City's policy to pay these premiums on a monthly basis in the period the insurance services were provided.

M. Net Position

The government-wide and business-type activities fund financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted and unrestricted.

- *Net investment in capital assets* – This category groups all capital assets including infrastructure into one component of net position. Accumulated depreciation and the outstanding balances of debt that are attributed to the acquisition, construction or improvement of these assets reduce the balance in this category.

CITY OF SANFORD, FLORIDA
Notes to Financial Statements, Year Ended September 30, 2024

Note 1 - Summary of Significant Accounting Policies (continued)

- *Restricted net position* – This category presents external restrictions imposed by creditors, grantors, or laws and regulations of other governments.
- *Unrestricted net position* – This category presents the net position of the City, not restricted for any purpose.

N. Fund Balance Policies

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The City itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by a formal action of the City Commission. The City Commission is the highest level of decision-making authority for the City that can, by adoption of a resolution or an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution or ordinance remains in place until a similar action is taken (the adoption of another resolution or ordinance) to remove or revise the limitation. In the State of Florida, both a resolution and ordinance are equally binding and have equal power in creating laws.

Amounts in the assigned fund balance classification are intended to be used by the City for specific purposes but do not meet the criteria to be classified as committed. Assignments of fund balance reflect tentative plans by management that may be subject to change and may be removed by informal action of the City Commission. The City Commission is the official governing body authorized to assign fund balance, however, there is not a formal policy. The City Commission may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

The non-spendable fund balance includes items that cannot be spent because they are not in spendable form, such as long term portions of receivables, inventories, prepaid items. Restricted fund balances encompass the portion of net fund resources subject to externally enforceable legal restrictions. This includes externally imposed restrictions by creditors (such as through debt covenants), grantors, contributors, laws or regulations of other governments, as well as restrictions imposed by law through constitutional provisions or enabling legislation. Residual net resources are reported as unassigned fund balance and are the excess of non-spendable, restricted, committed, and assigned fund balance. The General Fund is the only fund that reports a positive unassigned fund balance amount as all other governmental funds are setup for a specific purpose, however, all other governmental funds may report a negative unassigned fund balance.

O. Deferred outflows/inflows of resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net assets that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The City only has two items that qualify for reporting in this category. They are the *deferred outflows related to pensions* and the *deferred outflows related to OPEB* reported in the government-wide statement of net position. A deferred outflow related to pensions is an aggregate of items related to pensions as calculated in accordance with GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*. The deferred outflows related to pensions will be recognized as either pension expense or a reduction in the net pension liability in future reporting years. Details on the composition of the deferred outflows related to pensions are further discussed in Note 11. A deferred outflow related to OPEB is an aggregate

CITY OF SANFORD, FLORIDA
Notes to Financial Statements, Year Ended September 30, 2024

Note 1 - Summary of Significant Accounting Policies (continued)

of items related to OPEB as calculated in accordance with GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions (OPEB)*. The deferred outflows related to OPEB will be recognized as either OPEB expense or a reduction in the net pension liability in future reporting years. Details on the composition of the deferred outflows related to OPEB are further discussed in Note 12.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net assets that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The City has only four items, which qualify for reporting as deferred inflows of resources.

The first item reported as deferred inflows of resources is the *deferred inflows related to pensions*, and is reported in the government-wide statement of net position. The deferred inflows related to pensions are an aggregate of items related to pensions as calculated in accordance with GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*. The deferred inflows related to pensions will be recognized as a reduction to pension expense in future reporting years. Details on the composition of the deferred outflows related to pensions are further discussed in Note 11.

The second item reported as deferred inflows of resources is the *deferred inflows related to OPEB*, and is reported in the government-wide statement of net position. The deferred inflows related to OPEB are an aggregate of items related to OPEB as calculated in accordance with GASB Statement No. 75, *Accounting and Financial Reporting for OPEB*. The deferred inflows related to OPEB will be recognized as a reduction to OPEB expense in future reporting years. Details on the composition of the deferred outflows related to OPEB are further discussed in Note 12.

The third item reported as deferred inflows of resources is the *deferred inflows related to leases*. The deferred inflows related to leases are an aggregate of items calculated in accordance with GASB Statement No. 87, *Leases*. The deferred inflows related to this item will be recognized as rent revenue in future years.

The fourth and final deferred inflow of resources arises only under a modified accrual basis of accounting, which qualifies for reporting in this category. Accordingly, the item, *unavailable revenue*, is reported only in the governmental funds balance sheet. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

P. Net Position Flow Assumption

Sometimes the City will fund outlays for a particular purpose from both restricted (e.g. grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted net position to have been depleted before unrestricted – net position is applied.

Q. Pensions / Net Pension Liability

In the government-wide financial statements as well as the proprietary fund financial statements, net pension liability represents the City's proportionate share of the net pension liability of the cost-sharing pension in which it participates. This proportionate amount represents a share of the present value of projected benefit payments to be provided through the cost-sharing pension plan to current active and inactive employees that is attributed to those employees' past periods of service (total pension liability), less the amount of the cost-sharing plan's fiduciary net

CITY OF SANFORD, FLORIDA
Notes to Financial Statements, Year Ended September 30, 2024

Note 1 - Summary of Significant Accounting Policies (continued)

position. The government-wide financial statements also contain the net pension liability of both of the single employer pension plans in which the City participates.

The City participates in both the Florida Retirement System (FRS) defined benefit pension plan and the Health Insurance Subsidy Program (HIS) defined benefit plan administered by Florida Division of Retirement (collectively, FRS/HIS) as well as two single-employer pension plans for fire (Chapter 175, Florida Statutes) and police (Chapter 185, Florida Statutes).

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the FRS/HIS and additions to/deductions from FRS/HIS's fiduciary net position have been determined on the same basis as they are reported by FRS/HIS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

R. Fund Balance Flow Assumption

Sometimes the City will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the City's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

S. Encumbrances

Encumbrance accounting is employed in the governmental funds. Under this method, purchase orders, contracts, memoranda of understanding, and other commitments outstanding at year-end do not constitute expenditures or liabilities. GASB Statement 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, provides additional guidance on the classification within the fund balances section of amounts that have been encumbered. Encumbrances of balances within the governmental funds are classified as committed, restricted or assigned and are included in the respective functional categories. These encumbrances are not separately classified in the financial statements and are summarized as follows:

General Fund	\$ 590,653
Building Inspection Fund	2,348,108
Local Option Gas Tax Fund	38,046
Fire Impact Fee Fund	39,233
Local Option Sales Tax Fund	726,239
9th Cent Fuel Tax Fund	52,540
2023 Bond Construction Fund	9,354,338
Capital Replacement Fund	2,073,188
	<u>\$ 15,222,345</u>

CITY OF SANFORD, FLORIDA
Notes to Financial Statements, Year Ended September 30, 2024

Note 1 - Summary of Significant Accounting Policies (continued)

T. Minimum Fund Balance Policy

The City Commission has informally set policy to provide for a 14% minimum fund balance policy for the General Fund based on budgeted expenditures; this amount is currently reported as unassigned and totals \$10,939,818 of the 2025 adopted budget.

CITY OF SANFORD, FLORIDA
Notes to Financial Statements, Year Ended September 30, 2024

Note 2 - Stewardship, Compliance, and Accountability

A. Budgets and Budgetary Accounting

The following procedures are used to establish the budgetary data reflected in the financial statements:

- (1) On or before July 1 of each year, the City Manager submits to the City Commission a proposed operating budget for the fiscal year commencing the following October 1.
- (2) Public hearings are conducted to obtain taxpayer comments.
- (3) Prior to October 1, the budget is legally enacted through passage of a resolution.
- (4) Formal budgetary integration is employed as a management control device during the year for all funds which have a legally adopted budget, including the General Fund, Sanford Community Redevelopment Agency, Building Inspection Fund, ARPA Fund, Local Option Gas Tax Fund, Local Option Sales Tax Fund, Law Enforcement Trust Fund, Police Education Fund, Cemetery Fund, LIHEAP Grant Fund, Police Impact Fee Fund, Fire Impact Fee Fund, Recreation Impact Fee Fund, CDBG Grant Fund, Public Art Commission Fund, 9th Cent Sales Tax Fund, Debt Service Fund, Capital Recovery Fee Fund, Capital Replacement Fund, Catalyst Fund, Water and Sewer Fund, Solid Waste Fund, and Stormwater Fund. The City does not prepare a budget for the Premium Tax Trust Fund, NSP Grant Fund, Golf Course Fund, or the Marina Fund.
- (5) Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America.
- (6) The City Manager is authorized by the City Commission to transfer budgeted funds less than \$50,000 within and/or between functions and/or departments of a fund without limit of the number of transactions. At any time during the fiscal year, the City Manager may transfer part or all of any unencumbered appropriation among programs within and/or between functions and/or departments. The classification detail at which expenditures may not legally exceed appropriations is at the fund level and the Commission must approve all items that change a funds total budget. The City's budget is adopted by the fund level.
- (7) While all appropriations and encumbrances lapse at year-end, valid outstanding encumbrances (those for which performance under the executory contract is expected in the next year) are re-appropriated and become part of the subsequent year's budget pursuant to state regulations.
- (8) Supplemental appropriations beyond those for which the City Manager is authorized must be approved by the City Commission. There were a number of such supplemental appropriations made during the fiscal year.

B. Deficit Fund Equity

The CDBG Grant Fund, and NSP Grant Fund had deficit fund balances of \$(64,471), and \$(3,670) respectively, as of September 30, 2024. These fund deficits are due to timing issues with grants unavailable at the end of the fiscal year, and the City will be reimbursed by the appropriate parties in 2025.

CITY OF SANFORD, FLORIDA
Notes to Financial Statements, Year Ended September 30, 2024

Note 3 - Deposits and Investments

The fair value of the City’s deposits and investments as of September 30, 2024 is as follows:

	Carrying Value
Governmental and Business-type Activities:	
Bank Deposits	\$ 10,680,289
Local Government Surplus Funds Trust	95,192,201
Investment Accounts	148,555,642
Total Governmental and Business-type Activities	254,428,132
Pension Trust Funds:	
Cash	91
Money Market Funds	2,710,270

Total Pension Trust Funds	109,611,554
Total Primary Government	\$ 364,039,686
Classified as:	
Government-Wide Statement of Net Position:	
Cash and cash equivalents	\$ 105,872,490
Investments	133,294,112
Restricted investments	15,261,530
Statement of Fiduciary Net Position:	
Cash and cash equivalents	2,710,361
Investments	106,901,193
	\$ 364,039,686

Governmental and Business-type Activities Deposits & Investments

The City Charter, Florida Statutes, and bond resolutions authorize the City to invest in direct obligations of the United States of America, obligations of federal agencies and instrumentalities of the United States of America, certificates of deposit, money market mutual funds, and the Florida State Board of Administration’s (SBA) Local Government Surplus Funds Trust Fund. Such investments are stated at amortized cost, which approximates fair value, and are not rated as to credit quality. Investments other than the Local Government Surplus Funds Trust Fund are stated at fair value. The Local Government Surplus Funds Trust Fund is governed by Ch. 19-7 of the Florida Administrative Code, which identifies the Rules of the State Board of Administration. These rules provide guidance and establish the general operating procedures for the administration of the Local Government Surplus Funds Trust Fund. Additionally, the Office of the Auditor General performs the operational audit of the activities and investments of the State Board of Administration. The Local Government Surplus Funds Trust Fund is not a registrant with the Securities and Exchange Commission (SEC); however, the Board has adopted operating procedures consistent with the requirements for a 2a-7-like fund. Securities traded on a national exchange are valued at the last reported sales price at current exchange rates.

CITY OF SANFORD, FLORIDA
Notes to Financial Statements, Year Ended September 30, 2024

Note 3 - Deposits and Investments (continued)

Governmental and Business-type Activities Deposits & Investments (continued)

Deposits and investments of the Pension Trust Funds are held separately from those of other City funds and an independent investment manager and custodial bank handles all such investments.

As of September 30, 2024, the City's Governmental and Business-type investment portfolio is composed of the following investments:

Investment Type	Type	Moody's Credit Rating	Fair Value	Weighted Average Investment Maturities (in Years)	
				Less Than 1	1 - 5
Bank Deposits	Cash	NR*	\$ 10,680,289	\$ 10,680,289	\$ -

The City categorizes its fair value measurements within the fair value hierarchy established in accordance with GASB Statement No. 72, *Fair Value Measurement and Application* with the exception for the position in the Florida State Board of Administration's investment Pool as it qualify's as a 2a7-like pool and is reported at the net asset value per share. The fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The City uses a market approach in measuring fair

CITY OF SANFORD, FLORIDA
Notes to Financial Statements, Year Ended September 30, 2024

Note 3 - Deposits and Investments (continued)

Governmental and Business-type Activities Deposits & Investments (continued)

value that uses prices and other relevant information generated by market transactions involving identical or similar assets, liabilities, or groups of assets and liabilities.

Assets or liabilities are classified into one of three levels. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs and are valued using the asset-class-based matrix; Level 3 inputs are significant unobservable inputs. The City has the following recurring fair value measurements as of September 30, 2024:

<u>Investments by fair value level</u>	<u>Amount</u>	<u>Quoted Prices In Active Markets for Identical Assets (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>
Uninvested Cash	\$ 10,680,289	\$ 10,680,289	\$ -	\$ -
Corporate Bonds	33,886,250	-	33,886,250	-
Federal Agency Bonds	56,930,268	-	56,930,268	-
Government Backed Securities	4,821,003	-	4,821,003	-
US Government Bonds	43,949,426	-	43,949,426	-
Asset Backed Securities	8,067,200	-	8,067,200	-

Total Portfolio	<u>\$ 159,235,931</u>	<u>\$ 10,680,289</u>	<u>\$ 148,555,642</u>	<u>\$ -</u>

Other Investments

Florida PRIME	\$ 80,104,520
Florida STAR	15,087,681
Total other investments	<u>95,192,201</u>
Total Investments	<u>\$ 254,428,132</u>

Interest Rate Risk. In accordance with its investment policy, the City manages its exposure to declines in fair values by limiting the weighted average maturity of its investment portfolio to no longer than 2.5 years, and at all times 25% of the portfolio shall mature within one year. For purposes of meeting this limitation, variable rate securities shall be measured on the basis of the period elapsed between interest reset dates. No investment shall be made in an instrument with a stated final maturity longer than 5 years.

Florida PRIME uses a weighted average days to maturity (WAM). A portfolio's WAM reflects the average maturity in days based on final maturity or reset date, in the case of floating rate instruments. WAM measures the sensitivity of the portfolio to interest rate changes.

Florida PRIME, Chapter 218.409(8)(a), Florida Statutes, states that "The principal, and any part thereof, of each account constituting the trust fund is subject to payment at any time from the monies in the trust fund. However, the Executive Director may, in good faith, on the occurrence of an event that has a material impact on liquidity or operations of the trust fund, for 48 hours limit contributions to or withdrawals from the trust fund to ensure that the Board can invest monies entrusted to it in exercising its fiduciary responsibility. Such action must be immediately disclosed to all participants, the Trustees, the Joint Legislative Auditing Committee, and the investment Advisory Council. The Trustees shall convene an emergency meeting as soon as practicable from the time the Executive Director has instituted such measures and review the necessity of those measures. If the Trustees are unable to convene an emergency

CITY OF SANFORD, FLORIDA
Notes to Financial Statements, Year Ended September 30, 2024

Note 3 - Deposits and Investments (continued)

Governmental and Business-type Activities Deposits & Investments (continued)

meeting before the expiration of the 48-hour moratorium on contributions and withdrawals, the moratorium may be extended by the Executive Director until the Trustees are able to meet to review the necessity for the moratorium. If the Trustees agree with such measures, the Trustees shall vote to continue the measures for up to an additional 15 days. The Trustees must convene and vote to continue any such measures before the expiration of the time limit set, but in no case may the time limit set by the Trustees exceed 15 days.” As of June 30, 2024, there were no redemption fees or maximum transaction amounts, or any other requirements that serve to limit a participant’s daily access to 100 percent of their account value.

Credit Risk. It is the city’s policy to limit its investments to US Treasury Obligations, Federal Agency Securities, Federal Instrumentality Securities, Repurchase Agreements with Primary Dealers reporting to the Federal Reserve Bank of New York and that have a nationally recognized statistical rating organization (NSRO) rating of A or A-1, commercial paper with a NSRO rating of A-1, P-1 or if the issuer has senior debt a rating of at least A or A2, corporate securities with a NSRO of at least A, A2, intergovernmental investment pools and a NSRO rating of AAAM, Aaa, State of Florida Local Government Surplus Funds Trust, money market funds with a NSRO rating of AAaf, money market funds with a rating of AAAM, Aaam, certificates of deposit, and guaranteed investment contracts. All NSRO ratings can be equivalent to those in the policy.

Custodial Credit Risk - Bank Deposits. Bank deposits are insured by the FDIC up to \$250,000. Amounts in excess of \$250,000 are secured by the Public Deposits Trust Fund maintained by the Treasurer of the State of Florida. The Trust Fund is a multiple financial institution pool with the ability to assess its members’ financial institutions for collateral shortfalls if a member fails. For this reason, deposits are considered substantially insured.

Custodial Credit Risk - Investments. For an investment, this is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments. To mitigate this risk, the City’s investment policy requires that the Finance Director utilize one or more banks in providing third-party safekeeping and custodial services for the City, and that a City-approved Safekeeping Agreement be executed with each custodian. The purchase and sale of securities and repurchase agreement transactions must be settled on a delivery versus payment basis. Ownership of all securities is required to be perfected in the name of the City, and sufficient evidence to title must be consistent with modern investment, banking, and commercial practices.

Concentration of Credit Risk. The investment portfolio policy of the City has the objective of structuring investments so as to not allow the following caps to be exceeded:

Allowed Securities With Credit Exposure as a Percentage of Total Investments	
Type of Investment	Percentage of Total
U.S. Treasury Obligations	100%
Federal Agency Securities	100%
Federal Instrumentality Securities	100%
Repurchase Agreements	100%
Commercial Paper (limited to 5% in one issuer)	20%
Corporate Securities (limited to 5% in one issuer)	20%
Intergovernmental Investment Pools	30%
State of Florida Local Government Surplus Funds Trust Fund	30%
Money Market Mutual Funds	100%
Time Certificates of Deposit (limited to 5% in one issuer)	20%
Guaranteed Investment Contract	100%

CITY OF SANFORD, FLORIDA
Notes to Financial Statements, Year Ended September 30, 2024

Note 3 - Deposits and Investments (continued)

Pension Trust Fund Investments

Investments are reported at fair value. Securities traded on a national exchange are valued at the last reported sales price at current exchange rates. Real estate assets are reported at fair value utilizing an income approach to valuation. An independent investment manager and custodial bank handles all pension investments and check-writing duties. No investments in loan to, or leases with, any parties related to the pension plans have been made. The city commission establishes and amends the investment policy. The following was the adopted asset allocation policy for both the police and fire pension plans as of September 30, 2024:

<u>Asset Class</u>	<u>Target Allocation</u>
Large cap equity	30%
Mid cap equity	10%
Small cap equity	10%
Foreign equity	15%
Real estate	15%
Fixed income	20%
Total	<u>100%</u>

Credit Risk and Concentration of Credit Risk. Investment guidelines limit cash and cash equivalents to U.S. Government obligations, certificates of deposit, and repurchase agreements with major money center banks, commercial paper rated A-1 by Standard & Poor's or P-1 by Moody's. Equity securities are limited to issues of U.S. corporations with a rating by a major rating service in one of the three highest classifications, limited to fifty percent (50%) of the fund's assets overall for the police officers and fifty-five percent (55%) for the firefighters, and limited to five percent (5%) of the equity portfolio value invested in any single corporation.

In addition, the police officers' and firefighters' plans require fixed income securities to comprise a minimum fifty percent (50%) for police and fifty-five percent (55%) for fire of the total assets at cost with a limit to any single corporation of five percent (5%) of the total bond portfolio. The fixed income portfolio is limited to U.S. Government and U.S. Government Agency bonds, and/or bonds issued by U.S. corporations. No investment in any one organization exceeds five percent (5%) or more of plan net assets.

Interest Rate Risk. The City manages its interest rate risk exposure to declines in fair values by limiting the weighted average maturity of its investment portfolio to less than ten years.

Money-Weighted Rate of Return. For the year ended September 30, 2024 the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, for the police officers' and firefighters' plans were 18.99% and 15.57% respectively.

With the exception of real estate investments that are valued at net asset value, the pension funds categorize their fair value measurements within the fair value hierarchy established in accordance with GASB Statement No. 72, *Fair Value Measurement and Application*. The fair value is the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. The pension funds use a market approach in measuring fair value that uses prices and other relevant information generated by market transactions involving identical or similar assets, liabilities, or groups of assets and liabilities.

CITY OF SANFORD, FLORIDA
Notes to Financial Statements, Year Ended September 30, 2024

Note 3 - Deposits and Investments (continued)

Pension Trust Fund Investments (continued)

Assets or liabilities are classified into one of three levels. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. The pension funds have the following recurring fair value measurements as of September 30, 2024:

	Total Fair Value 9/30/2024	Quoted Prices In Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
<u>Investments by fair value level</u>				
Cash Equivalents	\$ 2,710,361	\$ 2,710,361	\$ -	\$ -
US Government Obligations	8,344,948	1,476,731	6,868,217	-

Mutual Funds - Fixed Income	3,044,792	3,044,792	-	-
Mutual Funds - Equity	38,075,636	38,075,636	-	-
Sundry Assets	4,625,465	-	-	4,625,465
Total investments by fair value level	<u>95,674,560</u>	<u>72,471,623</u>	<u>18,577,472</u>	<u>4,625,465</u>
<u>Investments measured at the net asset value (NAV)</u>				
Real Estate Funds	13,936,994	-	-	-
Total investments measured at the NAV	<u>13,936,994</u>	<u>-</u>	<u>-</u>	<u>-</u>
Total investments measured at fair value	<u>\$ 109,611,554</u>	<u>\$ 72,471,623</u>	<u>\$ 18,577,472</u>	<u>\$ 4,625,465</u>

The pension funds have US Government obligations, mortgage/asset backed securities as well as corporate bonds categorized as level 2 assets. Level 2 asset inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, interest rates and yield curves observable at commonly quoted intervals; implied volatilities; credit spread, and market-corroborated inputs. The pension funds have four different investments in real estate that are measured at net asset value. The police and fire pension funds both have \$1,984,881 and \$1,457,023 respectively in the ASB and this investment requires a 30-day notice for withdrawal requests and are honored on a quarterly basis. In the event of an exit que, withdrawal requests will be honored on a pro rata basis on fund cash flows. The police and fire funds both have \$2,807,295 and \$3,741,104 respectively in Intercontinental and this investment will process withdrawal requests on the last day of the calendar quarter following the quarter in which notice was received. In the event of a redemption que, redemption requests will be accommodated each calendar quarter on a pro rata basis as the fund's liquid assets permit. The police pension fund has \$1,854,057 invested in FIA and this investment is an illiquid, long-term investment. Investment capital will be returned at the end of the product's investment period that is in approximately 37 years. The police pension fund has \$2,092,634 invested in Ceres and this investment allows withdrawals once per year with a request deadline of September 30. Redemption requests made by that date will be distributed before the end of February of the following year.

Investment Income

The City maintains cash and investment pools that are available for use by all funds, except those whose cash and investments must be segregated due to bond covenants or other legal restrictions, and the Pension Trust Funds. Investment earnings from this internal pooling are allocated to the respective funds based on the sources of funds invested.

Note 6 - Long-Term Debt

A. Changes in Long-Term Debt

Changes in long-term debt for the year ended September 30, 2024 are summarized as follows:

Internal service funds predominantly serve the governmental funds. Accordingly, long-term liabilities for them are included as part of the above totals for governmental activities.

Compensated absences have been liquidated using the City's General Fund, LIHEAP Grant Fund, Building Inspection Fund, CRA Fund, Water and Sewer Fund, Stormwater Fund and Solid Waste Fund. The entire claims liability is reported in the risk management internal service fund and will be liquidated by that fund. Accrued clean-up and long-term care costs are liquidated by the General Fund. Other postemployment benefits are liquidated by the General Fund, Water and Sewer Fund, Wastewater Fund, and Stormwater Fund. Net pension liability is liquidated using the General Fund, Sanford CRA, Water and Sewer Fund, Wastewater Fund, and Stormwater Fund.

Note 6 - Long-Term Debt (continued)

B. Governmental Activities - Capital Improvement Revenue Bond

On May 1, 2023, the City issued \$19,180,000 of Capital Improvement Revenue Bonds, Series 2023 for the purpose of a current refunding all of the City's outstanding Sales Tax Revenue Note, Series 2012, which were issued for the construction of a public safety complex to include a fire, police, and Emergency Operations Center (EOC) and to fund capital improvements throughout the City. The bond bears interest at 3.98%, payable semiannually on April 1 and October 1. Principal payments are due and payable on October 1 of each fiscal year beginning October 1, 2023 through October 1, 2052. The 2023 bonds are secured by all non-ad valorem revenues and was issued at a premium of \$1,025,722. The 2023 Capital Improvement Revenue Bonds will mature as follows:

Fiscal Year Ending September 30,	Capital Improvement Revenue Bonds, Series 2023		Total Debt
	Principal	Interest	Service
2025	\$ 330,000	\$ 835,000	\$ 1,165,000
2026	345,000	818,500	1,163,500
2027	365,000	801,250	1,166,250
2028	385,000	783,000	1,168,000
2029	400,000	677,250	1,077,250
2030-2034	2,330,000	3,473,000	5,803,000
2035-2039	2,980,000	2,830,050	5,810,050
2040-2044	3,765,000	2,048,650	5,813,650
2045-2049	4,610,000	1,228,600	5,838,600
2050-2052	3,230,000	386,000	3,616,000
	<u>\$ 18,740,000</u>	<u>\$ 13,881,300</u>	<u>\$ 32,621,300</u>

C. Bonds, Notes & Loans Payable

The 2023 Bond Refunding:

The 2023 Bonds refunded the Sales Tax Refunding Revenue Note, Series 2012 on May 1, 2023. The 2012 bonds had \$6,270,000 outstanding in principal and \$732,063 in future interest payments upon redemption. The 2023 bonds were undertaken with \$19,180,000 payable in principal and \$15,089,133 payable in interest for a net difference of \$27,267,070 due over the new extended term to October 2052 vs October 2028 of the 2012 refunding bonds. The premium on this refunding was \$1,025,722.

The City has revenue bonds and notes outstanding at September 30, 2024. The revenue notes and bonds under governmental activities are secured by several pledged revenue sources. The following is a summary schedule of these long-term obligations of the City and their impact on those present and future pledged revenue sources:

Note 6 - Long-Term Debt (continued)

D. Financed Purchase Agreements

The City has entered into several financed purchase agreements detailed below.

On March 1, 2021 the City entered into an agreement with a local finance company to finance the acquisition of police vehicles. The agreement has a 4-year fixed term at .98% and calls for quarterly payments of \$47,538. The aggregate cost and accumulated depreciation of the governmental activities machinery & equipment asset acquired through the finance lease are \$745,000 and \$519,507, respectively, as of September 30, 2024.

On April 14, 2022 the City entered into an agreement with a local finance company to finance the acquisition of police vehicles. The agreement has a 4-year fixed term at 1.85% and calls for quarterly payments of \$53,548. The aggregate cost and accumulated depreciation of the governmental activities machinery & equipment asset acquired through the finance lease are \$824,000 and \$463,646, respectively, as of September 30, 2024.

On December 15, 2022 the City entered into an agreement with a local finance company to finance the acquisition of police vehicles. The agreement has a 4-year fixed term at 4.30% and calls for quarterly payments of \$64,770. The aggregate cost and accumulated depreciation of the governmental activities machinery & equipment asset acquired through the finance lease are \$947,441 and \$384,582, respectively, as of September 30, 2024.

On July 8, 2024 the City entered into an agreement with a local finance company to finance the acquisition of police vehicles. The agreement has a 4-year fixed term at 4.96% and calls for quarterly payments of \$76,727. The aggregate cost and accumulated depreciation of the governmental activities machinery & equipment asset acquired through the finance lease are \$997,905 and \$203,782, respectively, as of September 30, 2024.

The future minimum obligations and the net present value of these minimum payments as of September 30, 2024, were as follows:

Financed Purchase Agreements

CITY OF SANFORD, FLORIDA
Notes to Financial Statements, Year Ended September 30, 2024

Note 6 - Long-Term Debt (continued)

E. Accrued Clean-up and Long-Term Care Costs

The City is obligated to provide a share of clean-up costs in connection with the alleged release of hazardous substances and/or pollutants, as a result of the former operation of a manufactured gas plant during the 1880's until the year 1952. This obligation was formalized during 1992, when the City and five utility companies entered into a Cost Sharing Agreement providing for all parties to equally share in the funding of contamination assessment activities in an effort to evaluate potential soil and groundwater impacts, all in accordance with, and approved by, the U.S. Environmental Protection Agency. Terms of the agreement call for the City to be responsible for 13.7612% of the cost of cleaning up soil and groundwater at the site. There will also be an evaluation of surface water sediments at the site that could potentially result in additional costs, and actual costs may differ due to inflation, changes in technology, changes in laws and regulations, or determinations made by the Florida Department of Environmental Protection. Each of the parties must approve specific actions taken under the agreement. All amounts are based on what it would cost in current dollars.

The cost of clean-up activities has been estimated by an engineer to be \$20 million, of which the City has no current responsibility. This has been presented as accrued clean-up costs for governmental activities.

Note 7 - Loans Payable - Enterprise Funds

Enterprise Funds loans are State Revolving Fund loans and are backed by the pledged revenues (gross revenue after payment of operation and maintenance expense) generated by the systems (stormwater and separately water and wastewater). The default remedies include court action and/or accelerating the repayment schedules or increasing the interest rate on the unpaid principal of the loan to as much as 1.667 times the loan interest rate. Enterprise Funds loans payable at September 30, 2024 are as follows:

Primary Government: Stormwater:

State Revolving Fund Loan SWG12058624P payable, \$4,623,557 authorized, \$4,623,557 drawn for planning and design for downtown drainage study, payable in 40 equal semiannual installments, including interest at 2.9% on \$899,354, 2.81% on \$2,199,972, and 2.52% on \$1,524,231, on July 15 and January 15 of each year.	\$ 871,615
State Revolving Fund Loan SW586260 payable, \$2,612,309 authorized, \$2,612,309 drawn for planning and design for downtown drainage, payable in 40 equal semiannual installments, including interest at 2.8%, on October 15 and April 15 of each year.	1,010,865
State Revolving Fund Loan SW586261 payable, \$452,818 authorized, \$452,818 drawn for planning and design for downtown drainage, payable in 40 equal semiannual installments, including interest at 2.28%, on June 15 and December 15 of each year.	181,115
State Revolving Fund Loan SW590140 payable, \$509,302 authorized, \$509,302 drawn for planning and design for drainage, payable in 40 equal semiannual installments, including interest at 2.63%, on February 15 and August 15 of each year.	286,684
State Revolving Fund Loan SW590141 payable, \$5,847,753 authorized, \$4,854,629 drawn for planning and design for drainage, payable in 40 equal semiannual installments, including interest at 1.18% on \$4,554,300, 1.05% on \$1,293,453 on November 15 and May 15 of each year.	3,688,897
Subtotal primary Government: Stormwater	\$ 6,039,176

CITY OF SANFORD, FLORIDA

Note 7 - Loans Payable - Enterprise Funds (continued)

Required principal and interest deposits for State Revolving Fund (SRF) loans are presented as part of restricted assets for debt service on the statement of net position. SRF Loan payments for the first years are based upon the full loan amount available, not the monies actually drawn to date. After completion of the project, a final loan dollar amount is established and a final loan payment/amortization schedule is established. Maturity schedules for those loans that have final loan payment/amortization schedules are as follows (loans DW590131, WW590150, and WW590192 are not closed out and do not have a final loan payment/amortization schedule at September 30, 2024):

CITY OF SANFORD, FLORIDA
Notes to Financial Statements, Year Ended September 30, 2024

Note 8 - Landlord Leases

The City is the lessor on numerous building and land leases. The land leases are generally non-cancelable leases ranging from ten to seventy-five (10 - 75) years. The City leases seven pieces of land which are used for a cell tower, a restaurant, boat slips, cattle, an assisted living facility, and an equipment building. All improvements to the parcels belong to the tenants. The city also leases several buildings one of which is for a boys and girls club and the remainder are low-rent agreements, usually with nonprofit agencies offering public services. The total rental income for 2024 was \$155,462 which includes both inflows recognized as well as the low-rent agreements.

Note 9 - Leases/SBITAs

Leases

The City has seven leases for equipment, land, and buildings which include a postage machine, vehicles, VMware, golf carts, and three lots used for parking of which none of these will revert to the City at the close of the lease.

The land leases have a discount rate of 2.64% and 3.24% and remaining balances of \$175,420 and will expire between September 30, 2026 and June, 13 2029.

The four equipment leases have discount rates ranging from .529% to 3.631% and a cumulative balance of \$385,730 and will expire between May 31, 2025 and December 31, 2028.

SBITAs

The three SBITAs have discount rates ranging from 0% to 2.31% to and a cumulative balance of \$1,696,714 and will expire between October 2023 and February 2028.

The future minimum lease/SBITA obligations and the net present value of these minimum lease payments as of September 30, 2024, were as follows:

Year Ending September 30,	Leases Governmental Activities	Business-type Activities
2025	\$ 243,659	59,679
2026	174,080	15,678
2027	42,000	-
2028	41,255	-
2029	6,000	-
Total minimum lease payments	506,994	75,357
Less: Amount representing interest costs	(19,740)	(1,462)

Year Ending September 30,	SBITAs	Governmental Activities
2025		\$ 523,660
2026		424,036
2027		429,228
2028		469,200
Total minimum lease payments		1,846,124
Less: Amount representing interest costs		(74,705)
Present value of minimum lease payments		<u>1,771,419</u>

Note 10 - Interfund Accounts and Transfers

Individual fund interfund receivables and payables at September 30, 2024 consist of the following:

Fund	Due From Other Funds	Due To Other Funds
General Fund	\$ 377,500	\$ -
Marina Fund	-	377,500
Water/Sewer Fund	208,498	-
Solid Waste Fund	-	208,498
	<u>\$ 585,998</u>	<u>\$ 585,998</u>

The interfund receivable and payable of \$377,500 represents a loan from the General Fund to the Marina Fund to finance the purchase of improvements. The purchase and the advance were approved by the City Commission on August 8, 2022. The remainder of the amounts represent short-term loans for cash deficiencies.

Interfund transfers for the fiscal year ended September 30, 2024 consisted of the following:

Fund	Transfers In	Transfers Out
General Fund	\$ -	\$ 17,298,971
Sanford CRA Fund	-	63,425
Nonmajor Governmental Funds:

	<u>\$ 25,497,143</u>	<u>\$ 25,497,143</u>

CITY OF SANFORD, FLORIDA
Notes to Financial Statements, Year Ended September 30, 2024

Note 10 - Interfund Accounts and Transfers (continued)

The interfund transfer to the 2023 Bond Construction Fund from the Local Option Sales Tax Fund and Fire Impact Fee Fund of \$4,000,000 and \$23,000 was to assist with the funding of the new Fire Station. The \$89,253 transfer to the Cemetery fund from the General fund was to cover operating expenditures since this fund is now reliant on the General Fund. The \$2,178,023 transfer from the General Fund to the Debt Service Fund is to pay the debt eservice costs related to the operating leases and the bonds for the Public Safety complex and Capital Improvements City-wide. The \$34,589 transfer to the CDBG Fund from the General Fund is to pay the costs of the program that are not covered by the grantor. The \$208,425 transfer to the Public Art Commission Fund is to cover the costs of the program with \$63,425 transferred from the CRA Fund and \$145,000 from the General Fund. The \$108,000 transfer to the Building Inspection Fund from Water/Sewer Fund \$96,000 and the Stormwater Fund \$12,000 was to cover their portion of the build out of the Breezeway. The \$3,778,452 transfer to the Catalyst Fund from the General Fund was to pay for the remaining expenditures of the Catalyst Site project and the \$3,750,000 settlement with the developer to end the development agreement. The transfer of \$5,703,201 to the Capital Project Fund from the General Fund \$5,693,201 and \$10,000 from the Insurance Fund was to pay for the city's capital projects and replacements. The transfers to the Water/Sewer Fund and the Stormwater Fund from the ARPA fund were to cover grant related expenditures. The transfers into the Marina and Golf Course funds from the general fund \$1,126,798, and \$4,253,655 as well as from the Capital Project Fund \$516,000 were to cover operating costs and capital expenditures.

A. Florida Retirement System

The City contributes to the Florida Retirement System (FRS); a multiple-employer, cost-sharing, defined-benefit pension plan administered by the State of Florida, for the City’s authorized permanent, full-time and part-time employees, (police and fire joined 10/1/17 and the current employees could join or remain with their plans and all new hires must join). Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan to assist retired members of any state-administered retirement system in paying the costs of health insurance. Provisions relating to the FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 12, Part IV, Florida Statutes; Chapter 238, Florida Statutes; and Florida Retirement System Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. State Statutes, authorizes the State to establish and amend all plan provisions. The State of Florida issues a publicly available report that includes financial statements and required supplementary information for FRS. The report may be obtained by writing to the State of Florida Division of Retirement, Department of Management Services, P.O. Box 9000, Tallahassee, Florida 32315-9000.

(1) Plan Description - The FRS offers a choice between a defined-benefit plan and a defined-contribution plan (“Investment Plan”). The Investment Plan provides for vesting after one year of creditable service. Under this plan, the employer makes contributions to a participant’s account, and the participant directs where the contributions are invested among the plan’s investment funds. Upon termination, vested participants receive amounts accumulated in their investment accounts. The defined-benefit plan members are eligible for retirement after vesting, which occurs at six (6) years of creditable service for regular members enrolled prior to July 1, 2011 and eight (8) years of creditable service if enrolled on or after July 1, 2011. Normal retirement age is attained at the earlier of thirty (30) or (33) years of creditable service, regardless of age, or retirement at age sixty-two (62) or (65) with at least (6) or (8) years of creditable service if enrolled prior to July 1, 2011 or on or after July 1, 2011 respectively. Early retirement may be taken any time after vesting; however, there is a five percent (5%) benefit reduction for each year prior to normal retirement age. Members are also eligible for in-line-of-duty or regular disability benefits if permanently disabled and unable to work. Benefits are computed on the basis of age, average final compensation, and service credit.

The HIS Pension Plan provides insurance subsidy payments to persons who are retired under a state-administered retirement system, or a beneficiary who is a spouse or financial dependent entitled to receive benefits under a state-administered retirement system except those individuals who are pension recipients under Section 121.40, 237.08(18)(a) and 250.22, Florida Statutes, or recipients of health insurance coverage under Section 110.1232, Florida Statutes or any other special pension or relief act are not eligible for such pension payments. A person is deemed retired from a state-administered retirement system when he or she terminated employment with all employers participating in the Florida Retirement System and (1) for a member of the FRS investment plan, the

CITY OF SANFORD, FLORIDA
Notes to Financial Statements, Year Ended September 30, 2024

Note 11 - Pension Plans (continued)

A. Florida Retirement System (continued)

participant meets the age or service requirements to qualify for normal retirement per Section 121.021(29), Florida Statutes and meets the definition of retiree in Section 121.4501(2), Florida Statutes or (2) for a member of the FRS defined benefit pension plan or any employee who maintains creditable service under the pension plan and the investment plan, the member begins drawing retirement benefits from the pension plan. Any person retiring on or after July 1, 2001, as a member of the Florida Retirement System, including a member of the investment plan, must satisfy the vesting requirements for his or her membership class under the pension plan as administered under Chapter 121, Florida Statutes. Any person retiring due to disability must qualify for a regular or in-line-of-duty disability benefit per provisions under Chapter 112, Florida Statutes.

The HIS Pension Plan provides monthly payment assistance to retirees of state-administered retirement systems in paying their health insurance costs and is administered by the Department of Management Services, Division of Retirement. HIS benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled. For the fiscal year ended September 30, 2024, eligible retirees and beneficiaries received a monthly HIS payment equal to the number of years of creditable service completed at the time of retirement multiplied by \$5. The payments are at least \$30 but not more than \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS benefit, a retiree under a state-administered retirement system must provide proof of health insurance coverage, which can include Medicare. Terms of the benefits provided by the plan may be amended only by the State Legislature with a change in the Statutes governing the Plan.

(2) Contributions - The FRS has nine (9) classes of membership. Only three (3) classes are applicable to the City's eligible employees. These three (3) classes, with descriptions and weighted average contribution rates in effect during the period ended September 30, 2024, are as follows (contribution rates are in agreement with the actuarially determined rates, each including an additional 1.66% health insurance subsidy contribution):

Regular Class - Members not qualifying for other classes (13.585% from 10/01/23 to 9/30/24). Fourteen (14) employees were in DROP - Deferred Retirement Option Program (21.13% from 10/01/23 to 9/30/24).

Senior Management Class - Members eligible for this class include the City Manager and Department Heads. The rate is 32.70% from 10/1/23 to 9/30/24.

Special Risk - Members eligible for this class includes police officers, firefighters, the City's Crime Scene Technicians, and the Evidence Technician. The rate is 34.52% from 10/1/23 to 9/30/24.

The HIS Pension Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal year ended September 30, 2024, the contribution rate was 1.66% of payroll pursuant to Section 112.363, Florida Statutes. There are no employee contributions required for the HIS Pension Plan. HIS Pension Plan contributions are deposited in a separate trust fund from which HIS payments are authorized.

The contribution requirements of the City are established and may be amended by the State. The plan became contributory for employees as of July 1, 2011, with passage of SB2100 during the 2011 legislation with a contribution of 3%. The City's contributions to FRS and HIS plans for the years ended September 30, 2022, 2023 and 2024 were, \$3,632,943, \$4,535,724, and \$6,035,211 respectively, and equal the required contributions for each year.

CITY OF SANFORD, FLORIDA
Notes to Financial Statements, Year Ended September 30, 2024

Note 11 - Pension Plans (continued)

A. Florida Retirement System (continued)

(3) Pension Liabilities and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - At September 30, 2024, the City reported a liability of \$30,285,167 for its proportionate share of the FRS Pension Plan net pension liability and \$10,112,544 for its proportionate share of the HIS Pension Plan net pension liability. The net pension liabilities were measured as of June 30, 2024, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2024. The City's proportionate share of the net pension liabilities were based on accrued retirement contributions for employers that were members of the FRS Pension Plan during the fiscal year ended June 30, 2024. At June 30, 2024, the City's proportionate share was .0783 percent and 0.0674 percent which was a change of .00008 and .0056 percent from its proportionate share of .0699 and 0.06178 percent measured as of June 30, 2024 for both the FRS and HIS plans respectively.

For the year ended September 30, 2024, the City recognized pension expense of \$1,471,443 for the FRS Pension Plan and \$298,503 for the HIS Pension Plan. At September 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to these plans from the following sources:

	FRS		HIS	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 3,059,615	\$ -	\$ 97,643	\$ 19,418
Changes in assumptions	4,150,859	-	178,968	1,197,195
Net difference between projected and actual earnings on pension plan investments	3,205,793	2,012,910	-	3,657
Changes in proportion and differences between City contributions and proportionate share of contributions	-	54,267	1,415,691	-
Contributions subsequent to the measurement date	1,101,783	-	139,669	-
Total	<u>\$ 11,518,050</u>	<u>\$ 2,067,177</u>	<u>\$ 1,831,971</u>	<u>\$ 1,220,270</u>

CITY OF SANFORD, FLORIDA
Notes to Financial Statements, Year Ended September 30, 2024

Note 11 - Pension Plans (continued)

A. Florida Retirement System (continued)

The deferred outflows of resources related to FRS \$1,101,783 and HIS \$139,669 resulting from City contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended September 30, 2024. Other amounts reported for the Plans as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

FRS		HIS	
Fiscal Year Ending September 30,	Amount Recognized	Fiscal Year Ending September 30,	Amount Recognized
2024	\$ (739,561)	2024	\$ 76,580
2025	8,034,225	2025	94,488
2026	585,684	2026	137,645
2027	27,702	2027	96,238
2028	441,039	2028	52,437
Thereafter	-	Thereafter	14,644

(4) Actuarial Assumptions - The total pension liability for the both the FRS and HIS Pension Plans was determined by an actuarial valuation as of the valuation date, calculated based on the discount rate and actuarial assumptions below:

	FRS	HIS
Valuation date	7/01/2024	7/01/2024
Measurement date	6/30/2024	6/30/2024
Actuarial cost method	Individual Entry Age	Individual Entry Age
Discount rate	6.70%	3.93%
Municipal bond rate	N/A	3.93%
Long-term expected rate of return, net of investment expense	6.70%	N/A
Inflation rate	2.40%	2.40%
Salary increase, including inflation	3.50%	3.50%
Mortality	PUB-2010 base table projected generationally with Scale MP-2018	PUB-2010 base table projected generationally with Scale MP-2018

The actuarial assumptions that determined the total pension liability of the FRS and HIS Pension Plans as of June 30, 2024, were based on the results of an actuarial experience study for the period July 1, 2018 through June 30, 2023.

(5) Discount Rate - The discount rate used to measure the total pension liability for the FRS Pension Plan disclosed above is based on a projection of cash flows that assumed that employee contributions will be made at the current contribution rate and that contributions from participating members will be made at statutorily required rates, actuarially determined. Based on those assumptions, the FRS Pension Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return of pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

CITY OF SANFORD, FLORIDA
Notes to Financial Statements, Year Ended September 30, 2024

Note 11 - Pension Plans (continued)

A. Florida Retirement System (continued)

The discount rate for calculation the total pension liability for the HIS Pension plan is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS pension Plan is essentially funded on a pay-as-you-go funding structure, a municipal bond rate of 3.93% was used to determine the total pension liability for the program (Bond Buyer General Obligation 20-Bond Municipal Bond Index).

(6) Long-Term Expected Rate of Return - To develop an analytical basis for the selection of the long-term expected rate of return assumption for the FRS Pension Plan, the 2024 FRS Actuarial Assumptions conference reviews long-term assumptions developed by multiple contracted capital market assumptions teams. The table below shows resulting assumptions for each of the asset classes in which the plan was invested based on the long-term target asset allocation. The allocation policy’s description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. These assumptions are not based on historical returns, but instead are based on a forward-looking capital market economic model. The expected real rate of return is presented in arithmetic means.

The HIS pension plan is essentially funded on a pay-as-you-go basis. As such, there is no assumption for a long-term expected rate of return on a portfolio, no assumptions for cash flows into and out of the pension plan, or assumed asset allocation. Investments are reported at fair value.

Asset Class	Target Allocation	Long-Term Arithmetic Expected Real Rate of Return
Cash	1.00%	2.60%
Fixed income	18.00%	4.40%
Global equity	53.00%	8.80%
Real Estate (Property)	10.00%	7.40%
Private Equity	6.00%	12.00%
Strategic investments	12.00%	6.20%
Total	100.00%	

(7) Sensitivity of the City’s Proportionate Share of the Net Position Liability to Changes in the Discount Rate - The following presents the City’s proportionate share of the net pension liability of the FRS and HIS Pension Plans calculated using the discount rate of 6.70 percent and 3.93 percent respectively. Also presented is what the City’s proportionate share of the FRS Pension Plan net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

CITY OF SANFORD, FLORIDA
Notes to Financial Statements, Year Ended September 30, 2024

Note 11 - Pension Plans (continued)

A. Florida Retirement System (continued)

FRS Plan	1% Decrease 5.70%	Current Discount Rate 6.70%	1% Increase 7.70%
City's proportionate share of the net pension liability	\$ 53,270,548	\$ 30,285,167	\$ 11,030,035
HIS Plan	1% Decrease 2.93%	Current Discount Rate 3.93%	1% Increase 4.93%
City's proportionate share of the net pension liability	\$ 11,511,832	\$ 10,112,544	\$ 8,950,909

(8) Allocation of Pension Related Amounts to Proprietary Funds – Pension related amounts have been allocated to the City’s Water/Sewer, Stormwater, and Wastewater Utility Enterprise Funds as well as the City’s blended component unit (Sanford CRA). This allocation was made based on the contributions to the FRS by each fund.

B. Police Officers’ and Firefighters’ Retirement Systems

The City participates in the closed Police Officers’ and Firefighters’ Retirement Systems. Each plan is a single-employer, defined-benefit pension plan for the sole benefit of the Police Officers' and Firefighters' of the City. The Police Officers’ and Firefighters’ boards both consist of five trustees, of which two are legal residents of the City of Sanford and appointed by the city commission and two of whom shall be members of the system, who shall be elected by a majority of the members of the two systems. The fifth trustee shall be chosen by a majority of the previous four trustees. The board of trustees may make benefit and contribution change recommendations to the city commission for consideration.

(1) Plan Description - A member’s normal retirement date shall be the first day of the month coincident with, or the next following attainment of age fifty-five (55) for police officers and firefighters, and the completion of ten (10) years of credited service or the completion of twenty-five (25) years of credited service.

A member may retire on their normal retirement date or on the first day of any month thereafter, and each member shall become 100% vested in their accrued benefit on the member’s normal retirement date.

Normal retirement under the system is retirement from employment with the City on or after the normal retirement date. The monthly retirement benefit shall equal (3.50% for service up to September 30, 2017 and 3% for service after September 30, 2017) and 3.08% of average final compensation, defined as the highest five (5) years of salary paid during the last ten (10) years of covered employment, for each year of credited service for police officers and firefighters, respectively.

Members are eligible to participate in the deferred retirement option program (DROP) on the earlier of age 55 with 10 years of credited service or 25 years of credited service for the police officers and firefighter plans respectively. Participation in this program for both plans may not exceed 60 months and the rate of return is the actual net rate of investment return (total return net of brokerage commissions, management

CITY OF SANFORD, FLORIDA
Notes to Financial Statements, Year Ended September 30, 2024

Note 11 - Pension Plans (continued)

B. Police Officers' and Firefighters' Retirement Systems (continued)

fees and transaction costs) credited each fiscal quarter. The DROP balance as of September 30, 2024 is \$917,952 and \$730,016 in the police officers and firefighter plans respectively.

In addition, all of the City's pension plans provide death and disability benefits. These benefits and other requirements are established and amended by State Statute and City ordinance.

(2) Contributions - The City's funding policy provides for actuarially determined periodic contributions to the plans. The required contributions include normal costs (after deducting expected employee contributions, if applicable) and the amount of the additional unfunded obligations, amortized over thirty (30) years, created due to increases in plan benefits. Employer contribution rates are determined using the entry age normal actuarial cost method. The City contributed \$845,335 and \$873,938 to the Police Officers' and Firefighters' Retirement Systems, respectively, during the year ended September 30, 2024. The police officers are required to contribute 6.1% of their gross compensation and the firefighters are required to contribute seven (7%) of their base pay compensation (an additional five percent (5%) is paid by the City) for the fire and police employees, and if the employee terminates prior to vesting, this amount is returned to the employee for firefighters hired before July 1, 1999 and all police officer (regardless of date of hire). Both of the plans also receive contributions from the state for insurance premium refunds 1.85% for firefighters and .85% for police officers. The state contributions are not based on covered payroll. The City is required to contribute the remaining amount necessary to pay the annual normal (current year's) cost plus an amount sufficient to fund any unfunded accrued liability over fifteen (15) years for police officers and fifteen (15) years for firefighters. Funding policy was established and may be amended by City Ordinances.

(3) Plan Membership - At September 30, 2024, membership of each plan consisted of the following:

	Police Officers	Firefighters
Inactive plan members or beneficiaries currently receiving benefits	97	51
Inactive plan members entitled to but not yet receiving benefits	21	5
Active plan members	42	49
Total	160	105

(4) Pension Liabilities, Pension Expense, and Deferred Outflows or Resources and Deferred Inflows of Resources Related to Pensions.

Notes to Financial Statements, Year Ended September 30, 2024

Note 11 - Pension Plans (continued)

B. Police Officers' and Firefighters' Retirement Systems (continued)

(7) The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in both the police officers' and firefighters' pension plan's target asset allocation as of September 30, 2024 are summarized in the following table:

Fire Pension		Police Pension	
Asset Class	Long Term Expected Real Rate of Return	Asset Class	Long Term Expected Real Rate of Return
Large cap equity	9.93%	Large cap equity	9.81%
Mid cap equity	10.04%	Mid cap equity	10.04%
Small cap equity	8.59%	Small cap equity	8.59%
Foreign equity	5.68%	Foreign equity	5.68%
Real estate	4.61%	Real estate	4.66%
Fixed income	1.02%	Fixed income	1.02%

(8) The discount rate used to measure the total pension liability for the police officers' plan was 6.60% and 6.40% for the firefighters' plan. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that sponsor contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The following presents the net pension liability of the City:

Police Officers' Plan:	1% Decrease	Current Discount Rate	1% Increase
	5.60%	6.60%	7.60%
Sponsor's Net Pension Liability/(asset)	\$ 6,577,957	\$ (375,329)	\$ (6,200,739)

Firefighters' Plan:	1% Decrease	Current Discount Rate	1% Increase
	5.40%	6.40%	7.40%
Sponsor's Net Pension Liability/(asset)	\$ 6,461,126	\$ 460,302	\$ (4,506,743)

CITY OF SANFORD, FLORIDA
Notes to Financial Statements, Year Ended September 30, 2024

Note 12 - Post Employment Benefits Other than Pensions

The City's defined benefit OPEB plan provides OPEB for all general and public safety employees of the City. The plan is a single-employer defined benefit OPEB plan administered by the City. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

(1) Plan Description - The City's resolutions and ordinances allow employees who have retired to continue their life and health insurance benefits, and a portion of the cost as determined by City management, is paid by the City. The City pays the health insurance benefits for employees hired after October 1, 1991 but before October 1, 2002, retiring, with twenty-five (25) or more years of service up to age sixty-five (65) at the same level of funding as current employees. The City pays the health benefits of employees who retired prior to October 1, 1991, for the remainder of their lives. The City pays the life insurance benefits for retired employees who retired after October 1, 1991, with the level of the benefit being delineated as \$3,000 term life.

The City has chosen pay-as-you-go funding, but is recording the liability in the government-wide financial statements. The self-insurance plan pays premiums to an insurance company that maintains no assets or liabilities in the name of the City or on the City's behalf. This plan does not issue stand-alone financial statements.

(2) Employees covered by benefit terms - At September 30, 2024, the measurement date, the following employees were covered by the benefit terms:

Inactive employees*	201
Active employees**	559
Total	<u>760</u>

*Inactive counts include retirees with life insurance only.

**Active counts include those with health care coverage and those without.

(3) Total OPEB Liability – The City's total OPEB liability of \$18,826,919 was measured as of September 30, 2024, and was determined by an interim actuarial valuation as of that date.

(4) Actuarial assumptions and other inputs – Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. The total OPEB liability in the September 30, 2024 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Actuarial Cost Method:

The entry age normal % of salary cost method was used to determine all liabilities, with the liability for each active employee assumed to accrue over their working lifetime based on elapsed time from their date of hire until retirement.

Inflation Rate:

3.25% per year

Investment Return (Discount Rate):

4.87% as of September 30, 2023 and 4.06% as of September 30, 2024. The discount rate was based on a yield for 20-year tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher.

CITY OF SANFORD, FLORIDA
Notes to Financial Statements, Year Ended September 30, 2024

Note 12 - Post Employment Benefits Other than Pensions (continued)

(4) Actuarial assumption and other inputs (continued)

Health Care Cost Trend Rates:

The cost of covered medical services has been assumed to increase in accordance with the following rates, compounded annually:

<u>Year</u> / <u>Increase</u>	<u>Year</u> / <u>Increase</u>	<u>Year</u> / <u>Increase</u>
2025 8.00%	2028 6.50%	2031 5.00%
2026 7.50%	2029 6.00%	2032 4.50%
2027 7.00%	2030 5.50%	and after

Retiree Contributions:

Retirees hired after October 1, 2002 and electing post-employment healthcare coverage have been assumed to make monthly contributions equal to the premium charged to active employees plus the amount paid by the City for active employees. Retirees hired prior to October 1, 2002 and retiring after September 30, 1991 with at least 25 years of City service are assumed to pay the same amount that current employees pay. Retirees retiring before October 1, 1991 with at least 25 years of service do not contribute to the cost of their health insurance. Contribution rates are set by the City during the yearly budget process.

Payroll Growth:

3.25% per annum for general employees and 5% for public safety (used for amortization purposes only)

Mortality Rates:

Public Safety: SOA Pub-2010 Public Safety Headcount Weighted Mortality Table fully generational using Scale MP-2021

Non Public Safety: SOA Pub-2010 General Headcount Weighted Mortality Table fully generational using Scale MP-2021

Surviving Spouses: SOA Pub-2010 Contingent Survivor Headcount Weighted Mortality Table fully generational using Scale MP-2021

Disabled Retirees: SOA Pub-2010 Disabled Headcount Weighted Mortality Table fully generational using Scale MP-2021

(5) Summary of Benefits -

Other Post-Employment Benefits (OPEBs)

The City of Sanford provides optional post-employment healthcare and life insurance coverage to eligible individuals.

Eligible Individuals:

Employees of the City who are eligible for retirement or disability retirement under the Florida Retirement System (FRS), the City of Sanford Police Officer's Retirement System (SPRS), or the City of Sanford Firefighter's Retirement System (SFRS) may elect to participate in the City-sponsored health insurance plan (medical and prescription drug). All eligible employees receive \$3,000 of life insurance coverage.

CITY OF SANFORD, FLORIDA
Notes to Financial Statements, Year Ended September 30, 2024

Note 12 - Post Employment Benefits Other than Pensions (continued)

(6) Changes in the Total OPEB Liability

	Total OPEB Liability
Balance at 9/30/2023	\$ 14,595,285
Changes for the year:	
Service cost	216,789
Interest	669,702
Change in assumptions	1,941,136
Differences between expected and actual experience	3,550,508
Benefit payments	(2,146,502)
Net changes	4,231,633
Balance at 9/30/2023	\$ 18,826,918

There have been no substantive plan provision changes.

(7) Sensitivity of the total OPEB liability to changes in the discount rate – The following presents the total OPEB liability of the City, as well as what the City’s total OPEB liability would be if it were calculated using a discount rate that is 1% lower or 1% higher than the current discount rate of 4.87%.

OPEB discount rate	1% Decrease 3.06%	Current Discount Rate 4.06%	1% Increase 5.06%
Total OPEB liability	\$ 20,525,078	\$ 18,826,918	\$ 17,345,606

CITY OF SANFORD, FLORIDA
Notes to Financial Statements, Year Ended September 30, 2024

Note 12 - Post Employment Benefits Other than Pensions (continued)

(8) Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates - The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1% lower or 1% higher than the current healthcare cost trend rates.

OPEB health care discount rate	1% Decrease (7.0%) decreasing to 3.5%)	Healthcare Cost Trend Rates (8.0%) decreasing to 4.5%)	1% Increase (9.0%) decreasing to 5.5%)
Total OPEB liability	\$ 17,319,404	\$ 18,826,918	\$ 20,572,843

(9) OPEB Expense and Deferred Outflows of Resources and Deferred Inflows or Resources Related to OPEB— For the year ended September 30, 2024, the City recognized an OPEB expense of \$1,170,979. At September 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 4,700,378	\$ 712,499
Changes in assumptions	1,552,909	1,685,008
Total	<u>\$ 6,253,287</u>	<u>\$ 2,397,507</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Fiscal Year Ending September 30,	Amount Recognized
2025	\$ 663,301
2026	885,533
2027	1,208,618
2028	1,098,328
2029	-
Thereafter	-

CITY OF SANFORD, FLORIDA
Notes to Financial Statements, Year Ended September 30, 2024

Note 13 - Deferred Compensation Plan

The City offers its employees three deferred compensation plans, created in accordance with Internal Revenue Code Section 457. The City’s main plan is offered to all employees. The second plan was opened as an additional plan that is only offered to Firefighters. The plans permit employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseen non-reimbursed emergency. The other deferred compensation plan is a 401(a) and is offered to all employees with no employer contributions.

It is the opinion of management that the City has no liability for losses under the plans, but does have the duty of due care that would be required of an ordinary prudent investor in overall program oversight. Since the City has no control over these assets, other than periodically testing the market to retain or replace the 457 third-party administrator, these assets are not reflected in the City’s financial statements.

Note 14 - Risk Management

The City accounts for its risk management activities in an internal service fund that includes self-insurance programs for workers’ compensation, general liability, property, auto, and employee healthcare. The City has made the decision to retain up to \$200,000 per incident relating to workers’ compensation. Coverage in excess of \$200,000 per incident for workers’ compensation has been purchased from an outside carrier. All other liability and property damage insurance is obtained through insurance carriers with a \$25,000 deductible for general liability claims per occurrence and an aggregate stop loss that varies by line-of-coverage for all types of claims for fiscal year 2024. Employee healthcare exposure is subject to aggregate maximum limitations. There have been no significant reductions in insurance coverage from the prior year. No settlements have exceeded the City’s insurance coverage for each of the past five (5) fiscal years.

The City utilizes the expertise of the plan administrator in determining the liability for claims incurred and other related costs on a claim-by-claim basis. The determination includes consideration of non-incremental claims adjustment expenditures. The changes in the City’s claims liability during the years ended September 30, 2023 and 2024 were as follows:

	Balance at Fiscal Year Beginning	Current Year Claims and Changes in Estimates	Current Year Claim Payments	Balance at Fiscal Year End
2022-2023	\$ 3,406,120	\$ 9,573,914	\$ (9,701,989)	\$ 3,278,045
2023-2024	3,278,045	923,615	(59,671)	4,141,989

Note 15 - Commitments and Contingencies

- A. Various lawsuits and claims arising in the ordinary course of the City’s operations are pending against the City. While the ultimate effect of such litigation cannot be ascertained at this time, management believes, based on the advice of legal counsel, that there will be no material effect on the City’s financial position and/or that the City has sufficient insurance coverage to cover any claims.
- B. Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. If any expenditures are disallowed as a result of these audits, the claims for reimbursement to the grantor agency would become a liability of the City. In the opinion of management, any such adjustments would not be significant.
- C. The City has various construction contracts outstanding in the Governmental Funds and Enterprise Funds, commitments of which amount to \$42,677,850 at September 30, 2024.

CITY OF SANFORD, FLORIDA
Notes to Financial Statements, Year Ended September 30, 2024

Invested in capital assets	\$ 108,244,109	\$ 189,336,896

Note 17 – Tax Abatements

The City of Sanford and the Downtown CRA enters into property tax abatement agreements with local businesses under the Article VII, Section (3)(c), *Constitution of the State of Florida*, as implemented by Section 196.1955, *Florida Statutes*, local governments may provide for ad valorem tax exemptions for a variety of economic development purposes. Localities may grant abatements for up to ten years for up to 100% of the assessed value of all improvements to real property made by or for the use of a new business and of all tangible personal property of such new business, or up to 100% of the assessed value of all added improvements to real property made to facilitate the expansion of an existing business and of the net increase in all tangible personal property acquired to facilitate such expansion of an existing business, provided that the improvements to real property are made or the tangible personal property is added or increased on or after the day the ordinance approving the tax abatement is enacted. The City adopted an ordinance allowing for up to \$2,000,000 in abatements over ten years and applicants would be entitled initially up to 100%, but such abatement awarded shall not be more than an average over the awarded time frame of 50%. If it is determined that a business was not in fact entitled to a tax abatement in any year for which the business received an exemption, the City, Property Appraiser or tax collector or any other governmental agency shall be entitled to recover all taxes not paid on tangible personal property as a result of the exemption, plus interest at the maximum rate allowed by law, plus all costs of collection, including, without limitation, reasonable attorney’s fees. This program was repealed during 2024.

For the fiscal year ended September 30, 2024, there was \$11,907 for abated property taxes under this program, but the City of Sanford did have four outstanding agreements as follows:

On May 19, 2021, the City entered into an agreement with Transit Properties LLC to develop a mixed-use development consisting of 294 multi-family units and a commercial outparcel of 1.96 acres. This development will serve the City by providing a transit oriented development (TOD) adjacent to our SunRail stop. TOD development provides for more efficient use of the SunRail system while simultaneously allowing residents the opportunity to easily access mass transit. The agreement allows for ad valorem tax abatements at 70% of an amount equal to the sums paid in ad valorem taxes that have been duly paid to the City the first five years in which the incentivized development is placed on the tax rolls on Seminole County; 50% of an amount equal to the sums paid in ad

CITY OF SANFORD, FLORIDA
Notes to Financial Statements, Year Ended September 30, 2024

Note 17 – Tax Abatements (continued)

valorem taxes that have been duly paid to the City during the second five years in which the incentivized development is placed on the tax rolls of Seminole County.

On June 8, 2020 the City entered into an agreement with San Leon LLC to develop a mixed use development in the City's downtown district. The agreement allows for ad valorem tax abatements at 100% of an amount equal to the sums paid in ad valorem taxes that have been duly paid to the City the first five years in which the incentivized development is placed on the tax rolls on Seminole County. For the fiscal year ended September 30, 2024, the City paid \$11,907 in abated property taxes to San Leon LLC.

On May 8, 2017, the City entered into an agreement with a developer to develop land in the City's downtown district via Ordinance 4403. The project is known as the Catalyst Site. This agreement allows for ad valorem tax abatements at 50% of the total annual tax increment revenues generated from development of property cited in the development agreement for tax years through 2025 as well as expenditures by the City for foundation enhancement preparation up to \$4,000,000, relocation of water lines \$392,000, sewer lines \$1,070,000, and power lines \$350,000, \$5,200,000 for streetscape identified in the CRA plan that will be within the Catalyst Site's foot print. For the fiscal year ended September 30, 2023, the City of Sanford and the Downtown CRA did not have abated property taxes but did expend \$3,750,032 for the mutal termination of the agreement.

On July 11, 2016, the City entered into an agreement with Allegiant Airlines that is effective for ad valorem tax years 2017 through 2026 and allows for a 100% tax abatement. The City also provided a Qualified Target Industry (QTI) award to Allegiant in the amount not to exceed \$5,500 that would be paid once the qualifying factors of job creation has been met.

On April 8, 2024, the City entered into an agreement with Trafford Holdings LLC that is effective for ad valorem tax years 2025 through 2034 and allows for a 100% tax abatement.

Note 18 – Reporting Units Affected by Adjustments to and Restatement of Beginning Balances

The implementation of GASB Statement 100, *Accounting Changes and Error Corrections*, resulted in two Special Revenue Funds and one Capital Improvement Fund being restated. The implementation of GASB Statement 101, *Compensated Absences*, resulted in a decrease of \$762,864 in governmental activities beginning net position and an increase of \$87,688 in enterprise activities beginning net position on the statement of activities as well as an increase in the enterprise activities statement of revenues, expenditures, and changes in fund net position.

The following schedules summarize the required changes in beginning net position:

	Reporting Units Affected by Adjustments to and Restatements of Beginning Balances								
	Funds				Statement of Net Position			Government-Wide	
	Local Option Gas Tax Fund	ARPA Grant Fund	2023 Construction Fund	Nonmajor Governmental Funds	Water/Sewer Utility Fund	Stormwater Utility Fund	Solid Waste Utility Fund	Governmental Activities	Business- Type Activities
Beginning balance, as previously reported	\$ 2,515,635	\$ 216,053	\$ 14,294,448	\$ 44,165,315	\$ 219,247,850	\$ 458,986,368	\$ 737,615	\$ 192,723,989	\$ 272,220,627
Change from major to nonmajor fund	(2,515,635)	(216,053)	(14,294,448)	17,026,136

Notes to Schedule

Valuation date: Actuarially determined contribution rates are calculated as of October 1, two years prior to the end of the fiscal year to which contributions are reported.

Methods and assumptions used to determine contribution rates:

Funding method	Entry age normal actuarial cost method.
Amortization method	UAAL
Remaining amortization period	15 Years
Actuarial asset method	Each year, the prior actuarial value of assets is brought forward utilizing the historical geometric four-year average market value return (net of fees). It is possible that over time this technique will produce an insignificant bias above or below market value of assets
Salary increases	5.75% per year until the assumed retirement age.
Investment rate of return	6.60% per year, compounded annually, net of investment related expenses.
Payroll increases	0.00% per year.
Retirement age	Earlier of 1) age 55 and 10 years of service or 2) the completion of 25 years of service, regardless of age. Members who are eligible to retire on the valuation date are assumed to retire one year later.
Early retirement	Commencing with the earliest early retirement age (45), accrued benefit is reduced 3.0% for each year that early retirement precedes normal retirement.
Termination rates	See table below.
Disability rates	See table below.

*For Fiscal years 2013 and 2014, the Covered Payroll figures were based on Pensionable Salary.

Notes to Schedule

Valuation date: Actuarially determined contribution rates are calculated as of October 1, two years prior to the end of the fiscal year to which contributions are reported.

Methods and assumptions used to determine contribution rates:

Funding method	Entry age normal actuarial cost method.
Amortization method	UAAL
Remaining amortization period	15 years.
Actuarial asset method	Each year, all assets are valued at market value with an adjustment to uniformly spread actuarial investment gains and losses (as measured by actual market value investment return against expected market value investment return) over a five-year period.
Salary increases	Service based
Investment rate of return	6.40% per year, compounded annually, net of investment related expenses.
Payroll increases	None.
Retirement age	Earlier of 1) age 55 and 10 years of service or 2) the completion of 25 years of service, regardless of age. Members who are eligible to retire on the valuation date are assumed to retire one year later.
Early retirement	Commencing with the earliest early retirement age (45) and ten years of credited service, accrued benefit is reduced 3.0% for each year that early retirement precedes normal retirement.
Termination rates	See table below.
Disability rates	See table below.
Mortality	Healthy Active Lives: PubS.H-2010 (Below Median) for Employees, set forward one year., Healthy Retiree Lives: PubS.H-2010, set forward one year, Beneficiary Lives: PubG.H-2010 and set back one year for males, Disabled Lives: 80% PubG.H-2010 / 20% PubS.H-2010.

*The benefit payment shown above is based on actual pay-go.

Notes to Schedule

Change in Assumptions: Discount rate changed from 4.87% to 4.06% causing an increase in liabilities.

The retirement rates assumption has been updated based on the Florida Retirement System actuarial valuation as of July 1, 2023. This change has led to a decrease in liabilities

Healthcare trend rates were reset to an initial rate of 8.00% decreasing annually by 0.50% to an ultimate rate of 4.50% according to the schedule in the Health Care Trend Rates section of the Actuarial Methods and Assumptions. The impact of this change is an increase in liabilities.

Claims costs and premiums were updated for 2025 which caused a significant increase in liabilities because claims costs increased more than expected. The updated census data resulted in a decrease in liabilities.

No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75 to pay related benefits.

Schedules in the Required Supplementary information section are intended to show information for ten years, additional years' information will be displayed as it becomes available.

CITY OF SANFORD, FLORIDA

Combining Nonmajor Governmental Funds

Special Revenue Funds are used to account for and report revenues from specific taxes or other earmarked revenue sources which, by law, are designated to finance particular functions or activities of government. The City has the following Special Revenue Funds:

Building Inspection Fund – To account for the activities related to administering and enforcing building regulations in the City.

Local Option Gas Tax Fund – To account for the City’s allocation of the 6-cent local option gas tax collected in Seminole County and the expenditures used for the additions to or maintenance of the City's transportation system.

Local Option Sales Tax Fund – To account for the City’s share of distributions related to the local government infrastructure surtax. Monies are used to fund transportation projects.

Law Enforcement Trust Fund – To account for proceeds obtained through forfeiture of confiscated and unclaimed property through court judgment. The proceeds are to be used solely for law enforcement purposes, with emphasis given to community policing activities, training & law enforcement operations.

Police Education Fund – To account for the portion of fines on certain violations, per statute, to fund continuing education for police officers.

Cemetery Fund – To account for certain funds set aside to be used for capital improvements and perpetual care of a local cemetery.

Insurance Premium Tax Trust Fund – To account for intergovernmental revenue from the State that is transferred to the Police and Fire Pension funds.

LIHEAP Fund – To account for grants received by the City as a sub grantee; grant proceeds are utilized to provide home energy assistance to qualifying Seminole County residents.

Recreation Facilities Impact Fees Fund, Fire Public Safety Facilities Impact Fees Fund, and Police Public Safety Facilities Impact Fees Funds – To account for impact fees collected by the City to be used solely for the expansion or acquisition of capital facilities or equipment made necessary by the new construction from which the fees were collected or for principal payments (including sinking fund payments) on bonds to expand or acquire such facilities or equipment.

CDBG Grant Fund - To account for grants received by the City that are related to the Community Development Block Grant.

ARPA Grant Fund - To account for the grant funds related to the American Rescue Plan Act.

NSP Grant Fund – To account for grants received by the City that are related to the Neighborhood Stabilization Program Grant.

Public Art Commission Fund – To account for funds dedicated for public art throughout the City.

9th Cent Sales Tax Fund – To account for the portion of the State Revenue Sharing Funds dedicated for Transportation Infrastructure.

Debt Service Fund

The Debt Service Fund is used to account for the accumulation of resources and for payment of principal, interest and related costs on Special Facilities Revenue Bonds and capital leases.

Capital Projects Fund

The Capital Projects Funds are used to account for and report financial resources earmarked for the replacement of capital equipment, acquisition or construction of major capital facilities, and other project-oriented activities (other than those financed by proprietary funds):

Capital Project Fund – To account for funds set aside for new capital projects.

Capital Recovery Fee Fund – To account for funds collected as a surcharge on recreation fees for the maintenance and improvement of recreation facilities.

Catalyst Site Fund – To account for funds set aside for downtown development.

2023 Construction Fund – To account for the funds related to the issuance of new debt for capital projects.

STATISTICAL SECTION (UNAUDITED):

Statistical schedules differ from financial statements because they usually cover more than one fiscal year and may present non-accounting data. These schedules reflect social data, economic data, and financial trends of the City of Sanford, Florida.

**CITY OF SANFORD, FLORIDA
STATISTICAL SECTION CONTENTS
For The Year Ended September 30, 2024**

The Statistical Section of the Annual Comprehensive Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information indicates about the City’s overall financial health. Below is a summary of the components and purpose for the tables provided herein.

	<u>Pages</u>
<u>Financial Trends</u>	
These schedules contain trend information to help the reader understand how the City’s financial performance and financial position have changed over time.	134-139
<u>Revenue Capacity</u>	
These schedules contain information to help the reader assess the City’s most significant local revenue source – property taxes.	140-143
<u>Debt Capacity</u>	
These schedules present information to help the reader assess the affordability of the City’s current levels of outstanding debt, the ability to issue additional debt in the future, and related historical trend data.	144-152
<u>Demographic and Economic Information</u>	
These schedules contain demographic and economic indicators to help the reader understand the environment within which the City’s financial activities take place.	153-155
<u>Operating Information</u>	
These schedules contain service levels and capital asset data to help the reader understand how the information in the City’s financial report relates to the services the City provides to its citizens and visitors.	156-159

**DIRECT AND OVERLAPPING GOVERNMENTAL ACTIVITIES DEBT
September 30, 2024**

<u>Jurisdiction</u>	<u>Total Debt Outstanding</u>	<u>Percentage Applicable to City of Sanford</u>	<u>Amount Applicable to City of Sanford</u>
Governmental unit			
General obligation debt			
Seminole County Government	\$ -	11.4%	\$ -
Seminole County School Board	-	12.5%	-
Other debt			
Seminole County Government Revenue bonds	210,512,000	11.4%	24,087,301
Seminole County School Board State education bonds	2,482,193	12.5%	310,514
Certificates of participation	65,960,000	12.5%	<u>8,251,387</u>
Subtotal, overlapping debt			32,649,203
City direct debt			<u>23,742,338</u>
Total direct and overlapping debt			<u><u>\$ 56,391,541</u></u>

Notes: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of Sanford, Florida. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident – and therefore responsible for repaying the debt – of each overlapping government.

Percentage applicable for overlapping debt is based on City's total taxable value as a percentage of Seminole County's total assessed value.

COMPLIANCE SECTION:

This section contains the following subsections:

- INDEPENDENT AUDITORS' REPORT OF INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*
- INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND MAJOR STATE PROJECT AND ON INTERNAL CONTROL OVER COMPLIANCE AND REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE AND CHAPTER 10.550, RULES OF THE AUDITOR GENERAL
- SCHEDULE OF FINDINGS AND QUESTIONED COSTS
- SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE
- NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE
- INDEPENDENT ACCOUNTANT'S REPORT
- INDEPENDENT AUDITOR'S MANAGEMENT LETTER

Independent Auditor’s Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

The Honorable Mayor and
Members of the City Commission
City of Sanford, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Sanford, Florida (the “City”) as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City’s basic financial statements and have issued our report thereon dated March 31, 2025.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City’s internal control. Accordingly, we do not express an opinion on the effectiveness of the City’s internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, grant agreements and contracts, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Pursuant to provisions of Chapter 10.550, *Rules of the Auditor General*, we reported certain matters to management of the City in a separate management letter and Independent Accountant's Report dated March 31, 2025.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal Program and Major State Project and on Internal Control Over Compliance and Report on Schedule of Expenditures of Federal Awards and State Financial Assistance Required by the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*

Independent Auditor's Report

The Honorable Mayor and
Members of the City Commission
City of Sanford, Florida

Report on Compliance for Each Major Federal Program and Major State Project

Opinion on Each Major Federal Program and Major State Project

We have audited the City of Sanford, Florida's (the "City") compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Compliance Supplement* and the requirements described in the Department of Financial Services' *State Projects Compliance Supplement* that could have a direct and material effect on each of the City's major federal programs and major state projects for the year ended September 30, 2024. The City's major federal programs and major state projects are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of the City's major federal programs and major state projects for the year ended September 30, 2024.

Basis for Opinion on Each Major Federal Program and Major State Project

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 *U.S. Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550, *Rules of the Auditor General*. Our responsibilities under those standards; the Uniform Guidance; and Chapter 10.550, *Rules of the Auditor General* are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program and state project. Our audit does not provide a legal determination of the City's compliance with the compliance requirements referred to above.

Other Matter – Federal and State Expenditures Not Included in the Compliance Audit

The City's basic financial statements include the operations of the Sanford Airport Authority (the "Airport"), which expended federal awards and state financial assistance which are not included in the City's Schedule of Expenditures of Federal Awards and State Financial Assistance during the year ended September 30, 2024. Our compliance audit, described in the "Opinion on Each Major Federal Program and Major State Project" section above, does not include the operations of the Airport because the results of the Airport's financial statement and compliance audits are reported in separate financial statements.

Responsibility of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the City's federal programs and state projects.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance, and Chapter 10.550, *Rules of the Auditor General* will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City's compliance with the requirements of each major federal program and state project as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, the Uniform Guidance, and Chapter 10.550, *Rules of the Auditor General*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the City's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the City's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility

that material noncompliance with a type of compliance requirement of a federal program or state project will not be prevented, or detected and corrected on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the “Auditor’s Responsibilities for the Audit of Compliance” section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses as defined above. However, material weaknesses may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards and State Financial Assistance Required by the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*

We have audited the financial statements of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City’s basic financial statements. We issued our report thereon dated March 31, 2025, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City’s basic financial statements. The accompanying Schedule of Expenditures of Federal Awards and State Financial Assistance is presented for the purposes of additional analysis, as required by the Uniform Guidance and Chapter 10.550, Rules of the Auditor General, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards and State Financial Assistance is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

City of Sanford, Florida
Notes to Schedule of Expenditures of Federal Awards and State Financial Assistance
For the Year Ended September 30, 2024

Note 1 – Reporting Entity

For reporting entity purposes, the Schedule of Expenditures of Federal Awards and State Financial Assistance include only the activities of the City of Sanford’s primary government and not the Airport Authority which is presented as a discretely presented component unit.

Note 2 – Summary of Significant Accounting Policies

The accounting policies and presentation of the Schedule of Expenditures of Federal Awards and State Financial Assistance are in accordance with accounting principles generally accepted in the United States of America as applicable to governmental organizations.

Note 3 – State Revolving Fund Loans

For State Revolving Fund loans listed on the Schedule of Expenditures of Federal Awards and State Financial Assistance, the City had the following loan balances outstanding at September 30, 2024.

<u>Program Title</u>	<u>Federal AL Number</u>	<u>Grant Number</u>	<u>Total Outstanding</u>
State Revolving Fund	66.468	DW590192	\$ 12,615,379

Note 4 – Indirect Cost Rate

The City has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

Independent Accountant's Report

The Honorable Mayor and
Members of the City Commission
City of Sanford, Florida

We have examined the City of Sanford, Florida's (the "City") compliance with the requirements of Section 218.415, Florida Statutes, during the year ended September 30, 2024. Management is responsible for the City's compliance with those requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the AICPA. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the City complied with those requirements, in all material respects. An examination involves performing procedures to obtain evidence about the City's compliance with those requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on the City's compliance with specified requirements.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

In our opinion, the City complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2024.

Independent Auditor's Management Letter

The Honorable Mayor and
Members of the City Commission
City of Sanford, Florida

Report on the Financial Statements

We have audited the basic financial statements of the City of Sanford, Florida (the City) as of and for the year ended September 30, 2024, and have issued our report thereon dated March 31, 2025.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; Title 2 *U.S. Code of Federal Regulations, Cost Principles, and Audit Requirements of Federal Awards* (Uniform Guidance); and Chapter 10.550, *Rules of the Auditor General*.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditor's Report on Compliance for Each Major Federal Program and on Internal Control over Compliance and Report on Schedule of Expenditures of Federal Awards and State Financial Assistance in Accordance with the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*; Schedule of Findings and Questioned Costs; and our Independent Accountant's Report on an examination conducted in accordance with AICPA *Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports and schedule, which are dated March 31, 2025, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Corrective actions have been taken to address findings and recommendations made in the preceding financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The legal authority is disclosed in the notes to the financial statements.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), *Rules of the Auditor General*, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the City met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the City did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures for the City. It is management's responsibility to monitor the City's financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Property Assessed Clean Energy (PACE) Programs

As required by Section 10.554(1)(i)6.a., Rules of the Auditor General, a PACE program pursuant to Section 163.081 or Section 163.082, Florida Statutes, operated within the City's geographical boundaries during the fiscal year under audit.

As required by Section 10.554(1)(i)6.b., Rules of the Auditor General, the following is a list of program administrators and third-party administrators that administered the program:

- Florida PACE Funding Agency

As required by Section 10.554(1)(i)6.c., Rules of The Auditor General, the full names and contact information of each such program administrator and third-party administrator:

- Florida PACE Funding Agency c/o Counterpointe Energy Solutions
2600 Maitland Center Blvd, Suite 163
Maitland, FL 32751

Special District Component Units

Section 10.554(1)(i)5.c., *Rules of the Auditor General*, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district, to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we did not note any special district component units that failed to provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

As required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)6, *Rules of the Auditor General*, the City of Sanford Community Redevelopment Agency (the CRA), a dependent special district of the City, reported:

- a) The total number of CRA employees compensated in the last pay period of the CRA's fiscal year as 0.
- b) The total number of independent contractors to whom nonemployee compensation was paid in the last month of the CRA's fiscal year as 0.
- c) All compensation earned by or awarded to employees, whether paid or accrued, regardless of contingency as \$0.
- d) All compensation earned by or awarded to nonemployee independent contractors, whether paid or accrued, regardless of contingency as \$0.

- e) Each construction project with a total cost of at least \$65,000 approved by the CRA that is scheduled to begin on or after October 1 of the fiscal year being reported, together with the total expenditures for such project as \$0.
- f) A budget variance based on the budget adopted under Section 189.016(4), Florida Statutes, before the beginning of the fiscal year being reported if the district amends a final adopted budget under Section 189.016(6), Florida Statutes as \$6,442,367.

Specific information of the Sanford Airport Authority, a dependent special district of the City of Sanford, that is required by Section 218.39(3)(c), Florida Statutes, and Section 10.554(1)(i)6, *Rules of the Auditor General*, is reported in the Sanford Airport Authority's management letter for the fiscal year ended September 30, 2024.

Additional Matters

Section 10.554(1)(i)3., *Rules of the Auditor General*, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, the Mayor, City Commission, and applicable management and is not intended to be, and should not be, used by anyone other than these specified parties.
