

# City of Sanford

## Street Sweeping Schedule

The City has two active street sweepers that make up the street sweeping program. The two sweepers collectively have four zones, with streets north of 25th Street being swept on the 1st and 3rd week of the month and streets south of 25th Street being swept on the 2nd and 4th weeks of the month (see map).

Not all streets within the highlighted areas are swept. For example, streets within a private community (HOA), streets without curbs and gutters, and streets not maintained by the City are not swept. Streets that are swept are marked in red. The return time to any specific location is approximately two weeks, subject to the season. When we have heavy leaf and acorn fall late in the year, the sweepers have to make multiple disposal trips to empty, which slows down the progression through their zones. Other circumstances such as inclement weather can also change the timing of the routes.

### Legend

#### Zone

- 1 First and Third Week of the Month
- 2 Second and Fourth Week of the Month
- 3 First and Third Week of the Month
- 4 Second and Fourth Week of the Month
