A Resolution of the City Commission of the City of Sanford, Florida relating to City procurement and purchasing activities pursuant to the Ft. Mellon Park Improvement Project allowing for the awarding of bids to encumber moneys received from the Community Redevelopment Agency (CRA) Interlocal and thereby allowing for actions to be taken consistent with the legal requirements and conditions and requirements of CRA; delegating authority to the City Manager to act upon matters relating to the award of bids; providing for authorization and direction to City personnel; providing for legislative findings and intent; providing for a savings provision and for the ratification of acts; providing for conflicts; providing for severability and providing for an effective date.

Whereas, the City has received funding from the Community Redevelopment Agency (CRA) Interlocal in the furtherance of the Ft. Mellon Park Improvement Project; and

Whereas, the City must adhere to conditions to award bids, which may be inconsistent in one way or another with the normatively utilized Procurement Policy of the City when working with the CRA Interlocal so as to ensure that funds are encumbered within required time limitations; and

Whereas, the City must comply with the requirements to encumber these funds to qualify for funding prior to the sunset of the CRA; and

Whereas, if the City were not to encumber these funds in a timely manner the funds will likely be lost, thus sacrificing the completion of the Ft. Mellon Park Improvement Project.

Now, therefore, be it adopted and resolved by the City Commission of the City of Sanford, Florida as follows:

Section 1. Legislative Findings and Intent.

(a). The City of Sanford has complied with all requirements and procedures of Florida law in processing this Resolution.

(b). The City Commission of the City of Sanford finds that it is prudent and in the public interest to maximize the receipt of funds from the CRA Interlocal in order to fund and implement the Ft.
