SUBJECT: 3rd Generation Projects Approval and Budget Amendment
Resolution No. 2026-3449

SYNOPSIS:

Requesting to approve Resolution No. 3449 with the addition of three (3) projects funded through the 3rd Generation Sales Tax. A budget amendment in the amount of \$41,690.74 is requested to fund the remaining balance for the City Hall Roof Repairs project and the other two projects are already included in the FY 2025/2026 Budget.

FISCAL/STAFFING STATEMENT:

The Second Floor City Hall Renovation Project and the Public Works Operations Facility is budgeted in the FY 2025/2026 3rd Generation account. The City Hall Roof Replacement funds are available in the 3rd Generation Reserve account.

BACKGROUND:

On October 10, 2025, an Interlocal Project Notice Letter went out to inform all County and City Managers of the changes to our 3rd Generation projects.

The Public Works Department has added the following projects:

- **Second Floor City Hall Renovation** – This is a proposed project (not yet competitively bid) which includes the reconfiguration of offices on the second floor which is a result of the need for additional and more efficient space. Additionally, variable air valve replacements and the caulking of all windows will be incorporated into the project.
- **Public Works Operations Facility (Fulton Street)** - The proposed project will accommodate administrative and management staff as to improve operational efficiency by having administrative and field staff adjacent to one another. Also, the new facility will serve as a secondary EOC facility and will also allow for equipment storage.
- **City Hall Roof Replacement** – The project was essentially completed; however there remains a balance that requires additional funding.
